

NEIGHBOURHOOD MANAGEMENT & AREA WORKING PROGRAMMES

This document provides the breakdown of Neighbourhood Management and Area working funding over the past 6 years. The funding was allocated originally in 2-year programmes, and more recently as 1-year programme. The Neighbourhood Management programmes were coordinated and managed by Bolton Council (BMBC) and Bolton at Home (for Brightmet, Tonge with the Haulgh, Hulton Lane, Washacre and Johnson Fold).

Members have discretion to shape priorities and spend within their areas but have been guided by the principles that projects should help to improve outcomes and narrow the gap between our least deprived and most deprived areas, and have a clear benefit to the quality of life in an area.

The Council is publishing this historical information as part of its commitment to transparency; and has undertaken to publish information about new allocations on a regular basis.

Note: April 2021 – This document has been updated to include the Neighbourhood Management information for the Bolton at Home managed areas. This includes: Brightmet, Tonge with the Haulgh, Hulton Lane, Washacre and Johnson Fold.

NEIGHBOURHOOD MANAGEMENT PROGRAMME 2013 – 2015

Neighbourhood Management - Crompton 2013 - 2015
