

# Best Choices Team

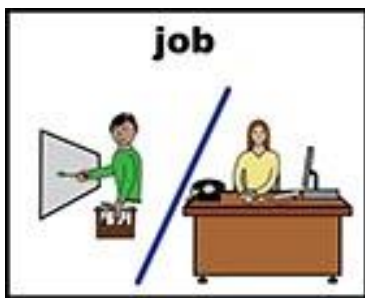

We help people with a learning disability find a paid job

The staff at **Best Choices** help people with paid jobs.

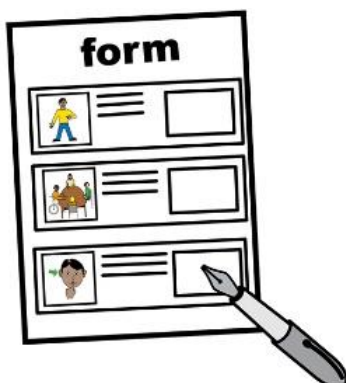

The staff can help you with:

Thinking about what job you would like to do

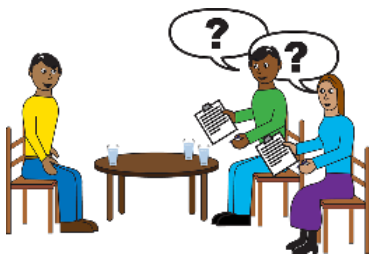

Finding job adverts

Writing application forms, letters and CVs

Finding out what training you need

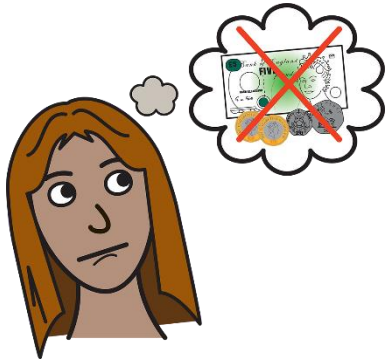

Practising job interviews

How to travel to your job

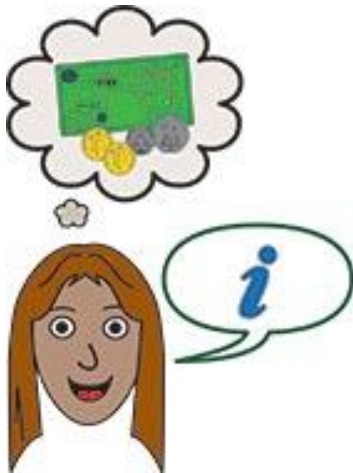

Making sure everything is going well by talking to you and your employer

## **Will my benefit money change if I get a job**

We can tell you about the permitted work rules.

These rules say when you can do a paid job and still get your benefit money.

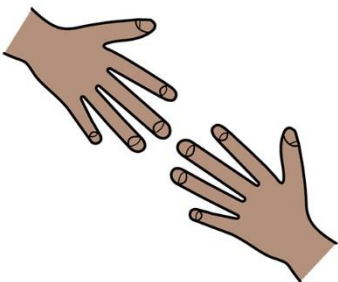

## **Can I get extra help to do my job**

We can tell you about access to work grants.

This grant money can pay for extra help you need to do a job.

Examples of this extra help are travelling to your job or buying special equipment.

## **You can get our help if you**

- Have a Learning Disability
- Are more than 16 years old
- Live in Bolton

Ask your Social Worker to contact Best Choices.

We will arrange to meet you and your Social Worker to talk about the help you want.

## How can I contact Best Choices

Telephone  
01204 337523

Email
