District Blackrod							
BLA001	7	FP	756			To Scot Lane. Starts in M/c Road on A.6 beside Fairfield House in a S.W. direction with exit at Scot Lane near Barkerside Lane House on Class II Road B.5238.	
BLA002	7	FP	112			To Brinsop Hall. Starts 274 metres from A.6 on Footpath 1 in a S. direction to District Boundary with Westhoughton U.D.	
BLA003	7	FP	48			To Park Hall Farm. Starts from By-Pass A.6 Road, along badly defined path, exit on Footpath 17.	
BLA004	7	FP	369			Continuation of 17 starts from Farm Yard at Park Hall, across pasture and ends at Red Moss Railway Bridge.	
BLA005	7	FP	933			Continuation of 17 starts from Farm Yard at Park Hall over well-defined cart way to railway bridge, F.G. at each side of bridge, footpath continues across pasture, exits at junction with F.P.7.	
BLA006	7	FP	386			Starts from 5 at Railway Bridge and follows Railway Fence in a N.W. direction, footpath undefined, stile at 228 metres exit at Red Moss Railway Bridge.	
BLA007	7	FP	193			Starts at end of F.P.8 in a S.W. direction over motorway bridge to district boundary with Westhoughton U.D. footbridge over stream at boundary.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA008	7	FP	675	1.5/1.9	Natural/Stone	Starts at East of bridge over Motorway at junction with Footpath 7 over well-defined path in a N.E. direction. to grid reference SD363747 409506 where the path turns and runs in a generally south east by easterly direction for a distance of approximately 31 metres to grid reference SD363775 409490 to cross a footbridge over the railway, initially by 2 flights of 18 steps in a generally south east by easterly direction for a distance of approximately 15 metres to grid reference SD363788 409483 where the path turns continuing in a generally north east by northerly direction for a distance of approximately 17 metres utilising 2 flights of 5 steps to grid reference SD 363796 409498 where the path turns continuing in a generally north westerly by westerly direction for a distance of approximately 15 metres utilising 2 flights of 18 steps to grid reference SD363783 409505 then running in a generally north westerly by westerly direction for a distance of approximately 4 metres to grid reference SD363779 409507 where the path turns and continues in a generally north north-easterly direction for a distance of approximate 14 metres to grid reference SD 363785 409520 and continues in an east north easterly direction with drainage ditch on its northern side, ends at junction with paths 9 and 10.	1.5 metres except between SD363747 409506 & SD363775 409490 & SD363783 409505 & SD363785 409520 1.6 metres throughout; between SD363775 409490 & SD363783 409505 1.9 metres throughout. Natural except between SD363747 409506 & SD363775 409490 composite grating (maintained by NR) & SD363783 409505 & SD363785 409520 Stone.
BLA009	7	FP	32			Starts at junction of Footpath 8 and Footpath 10 in a S.E. direction to district boundary with Borough of Bolton, exit at footbridge over stream at boundary.	
BLA010	7	FP	241			Continuation of Footpath 8 starts at junction with footpath 9. Footbridge over stream with exit at District Boundary with Horwich U.D.C.	
BLA011	3 & 7	FP	466			Continuation of Footpath 10, starts at stile continues across C.R. with exit on refuse tip at District Boundary with Horwich U.D.	
BLA012	3 & 7	FP	820			Continuation of Footpath 4 starts at Red Moss Railway Bridge through K.G. In N.W. direction for 330 yds. up 5 steps through stile across roadway near railway bridge through K.G. continuing at exit at Moss Lane up 12 steps by Railway Bridge.	
BLA013	3	FP	450			To Horwich starts at junction with Path No. 20 proceed in a N.E. direction under Motorway turning NM.W. along side of Motorway to railway then in a N.E. direction over well-defined path with exit at Horwich U.D. Boundary.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA015	3	FP	1174			To Horwich starts at junction with Path No. 13 proceeds along well-defined road through Gibb's Farmyard, and along a well-defined road, then in a N.W. direction alongside of open ditch, sharp turn right in a S.E. direction over two ploughed fields and rough pasture with exit at District Boundary with Horwich U.D. on waste tip.	
BLA017	7	FP	402			To Park Hall Farm. Starts in Manchester Road opposite Scot Lane School, stile and rail across roadway at 40 yds. exit on A.6 road through stile at the side of field gate across A.6 road through stile at the side of field gate at Farmyard.	Also requires signs where A6 Blackrod by-pass bisects
BLA018	7	FP	275	1.2	Natural	Starts on Manchester Road opposite house number 552 (SD362420 409521) and leads in a generally north east by easterly direction for a distance of 79 metres, then in a generally north easterly direction for 93 metres and then in a generally north east by northerly direction for 103 metres alongside field, bounded by a fence on the western side and woodland (collier spoil heap) on the eastern side, through a stile (SD362591 409725) before exiting on path 19 (SD362595 409729).	
BLA019	7	FP	305			Starts in Manchester Road opposite Edges Farm through stile along well-defined path alongside of field, stile near colliery spoil heap, exit on A.6 road.	
BLA020	3 & 7	FP	933			Starts from Footpath 19 near A.6 Road and continues across road 200 yards N. of entrance to Park Hall Farm, through gate in N.E. direction over colliery spoil heap on well-defined path over Railway Bridge to Motorway then N.W. to Moss Lane.	Also requires signing where A6 Blackrod by-pass bisects
BLA021	7	FP	305			Road to Whalley's Cottages. Starts by Edges Farm in a West direction over well-defined road exit at cottages.	
BLA022	7	FP	305			Continuation of Footpath 21 starts at Whalley's Cottages at stile alongside of ploughed field, through stile across two ploughed fields alongside stream at 3rd field to District Boundary with Aspull U.D. at footbridge over stream.	
BLA023	7	FP	550			Continuation of Footpath 22 starts at junction of 2nd and 3rd fields. South East from Whalley's Cottages alongside hedgerow of 3 fields, through Yates Farmyard along Farm Road to Scot Lane, exit near disused Scot Lane Colliery Site on Class II Road B.5238.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA024	3	FP	305			Starts in Manchester Road near Cemetery in N.E. direction for 73m path takes turn in an Easterly direction, stile at 137m near hedge of second field, exit by stile in Tanners Brow on Road B. 5238.	
BLA026	3	FP	241			Footpath to railway station starts in Manchester Road in a N.E. direction, crosses Castlecroft Avenue, sharp turn to follow in an easterly direction for 155m and turn to N.E. direction for 45m exit on A.6 road.	
BLA027	3	FP	208			Footpath to Railway Station. Continuation of Footpath 26 starts at junction of Footpath 26 and 29, in a North West direction for 45m to By-Pass Road, through stile across By-Pass Road, through stile exit at Railway Station platform.	
BLA028	3	FP	225			Starts at Poole Green through stile 13m from road, alongside field gate, stile at 45m along badly-defined path, stile at 13m over footbridge.	
BLA029	3	FP	514			Footpath to Whitehall Lane. Starts at junction with Footpath 27 in a N.W. direction alongside colliery spoil heap, exit at Whitehall Lane.	
BLA030	3	FP	144			Starts in Rivington Street, well-defined path exit at Fryent Close.	
BLA031	3	FP	449			Starts from Vicarage Road in a S.W. direction along hedgeside of two fields, sharp turn west at top of fields, sharp turn west at top of field, stile at 36m over pasture with exit at Half Acre Lane on Footpath 33.	
BLA032	3	FP	177			Starts at Stile on F.P. 31 in a southerly direction across pasture, stile at 119m exit at stile on F.P. 33.	
BLA033	3	FP	804			Starts at Vicarage Road in a Southerly direction for 128m, turn east, at 27m turn south and continue to District Boundary over footbridge.	
BLA034	3	FP	369			Starts from Footpath 33 near Makinson Farm in a westerly direction stile at 210m exit on Footpath No. 36.	
BLA035	3	FP	120			Starts on Black Horse Avenue in a southerly direction to Hill Lane.	
BLA036	3	FP	547			Continuation of Footpath 35, starts on Hill Lane in a Southerly direction, stile at 164m over Rigby Hill towards Brown Fold Farm exit at Brown Fold Farm.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA037	3	FP	129			Starts 91m south of Brown Fold Farm from F.P. 38 through stile in a southerly direction to District Boundary.	
BLA038	3	FP	338			Private Road to Brown Fold Farm starts in Little Scotland from Class III Road near Copperas House and proceeds in an easterly direction to Farm.	
BLA039	3	FP	579			Starts in Little Scotland from Class III Road near Copperas Row, through stile, east for 155m, turn in northerly direction for 119m turn in an easterly direction through a stile and continue to F.P. 36.	
BLA040	3	FP	207	2m to 1.5m	natural	Starting from the road known as Little Scotland at grid reference SD360727 410801 and continuing through woodland then field between a hedgerow on its northern side and wooden fence on its southern side in a generally south east by easterly direction to grid reference SD360770 410772 for approximately 51 metres then through a wooden kissing gate at grid reference SD360770 410772 and running in a generally east - south easterly direction to grid reference SD360777 410769 for approximately 8 metres then curving across the field in a generally east by southerly direction to grid reference SD360854 410729 for approximately 88 metres where the path then curves and turns south – south west with hedge on its eastern side for approximately 60 metres to its end at the junction with public footpath Blackrod 039 at grid reference SD360841 410673.	Between grid reference SD360727 410801 and SD360777 410769; 2.0 metres throughout and between grid reference SD SD360777 410769 and SD360841 410673; 1.5 metres throughout. One kissing gate of 1.5m width conforming to BS5709 Scottish Natural Heritage timber kissing gate version 3 at grid reference SD360770 410772
BLA041	3	FP	32			Starts in Little Scotland opposite Copperas Lane in a westerly direction to District Boundary.	
BLA042	3	FP	64			Starts at Junction of Chorley Road with Hill Lane and Blackhorse Street, in a westerly direction to Harrison Crescent.	
BLA043	3	FP	32			Starts from Path No. 44 leading to Chorley Road near Mount Pleasant Cottages in an easterly direction to Harrison Crescent.	
BLA044	3	FP	305			Starts in Chorley Road near Mount Pleasant Cottages to Harrison Crescent.	
BLA045	3	FP	209			Starts from Longworth Farm in a Westerly direction with exit at Dark Lane.	Awaiting modification order

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA046	3	FP	708			Starts in Dark Lane, approx. 64m west of Mona Tce. in a southerly direction for 27m turn in westerly direction at stile alongside of meadow to junction with Paths 80 and 81.	
BLA047	3	FP	321			Starts at junction with Path Nos. 48 and 80 in a south-east direction to junction with Path No. 71.	
BLA048	3	FP	241			Starts near F.P. 63 in a south-easterly direction, stile at 36.5m and continues to F.P. junction of F.Ps. 80 and 47.	
BLA050	2	FP	330			Starts near Boatmans Arms in a north-east direction for 73m turn in a westerly direction F.B. over Canal and continue to District boundary with exit on F.B. over River Douglas.	Awaiting Modification Order
BLA051	2	FP	120			Starts at the side of F.B. over Canal on east side of canal and proceeds in a southerly direction alongside canal with exit at Aberdeen Cottages.	Awaiting Modification Order
BLA052	2	FP	285			Starts at Aberdeen cottages in a southerly direction over Colliery waste tip alongside of canal with exit at Anderton Bidge near Sharrocks farm.	Awaiting Modification Order
BLA053	2	FP	230			Starts 91m east of Aberdeen Bridge at point where F.P. 50 takes a sharp turn to the south-west towards canal, continues along fieldside in a westerly direction for 73m towards railway, turn alongside railway line in a southerly direction with exit at F.P. 54.	
BLA054	2	BW	340			Starts at the side of Boatmans Arms Hotel and continues to the rear of Hotel towards the railway line and over disused mineral railway line bridge alongside of railway line with exit at 61.	Awaiting Modification Order
BLA056	3	FP	418			Private road to Crowshaw Farm for 118. Turn left through stile in a south-west direction with exit at stile in Blundell Lane.	
BLA057	2 & 3	BW	772			Road to Arley and Aberdeen starts in Little Scotland near New Inn in a westerly direction to Hollinshead Farm.	
BLA058	2	FP	965			Private road to Arley, continuation of 57 starts at Hollinshead Farm with exit at Arley Hall.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA059	2	FP	370			To Fir Tree House starts at Hollinshead Farm through stile alongside disused mineral railway, exit at District Boundary.	
BLA060	2	BW	321			To Aberdeen starts near Hollinshead Farm in a Northerly direction, exit at diversion of road.	
BLA061	2	BW	354			Continuation of 60 in a N.W. direction to level crossing at 338m with stile and field gates at each side of railway, continues for 73m. Exit at canal near Sharrocks Farm.	
BLA062	2	FP	321			Continuation of 60 in a north-east direction with exit at disused mineral railway and F.P. 63.	
BLA063	3	FP	1078			Continuation of path 62 in a northerly direction, turning E past Old Goodman's Fold and following the route of Mineral Railway to Chorley Road (A.6 Trunk Road).	
BLA064	2	FP	241			Starts at Arley Lane in a northerly direction through stile turn to westerly direction with exit on F.P. 65.	
BLA065	2	FP	804			Starts 155m east of Railway Bridge in Arley Lane on F.P. 58 in a northerly direction with exit at Sharrocks Farm.	
BLA066	2	FP	96			Continuation of F.P. 58 starts opposite main entrance to Arley Hall in a southerly direction with exit at District Boundary.	
BLA067	2	FP	386			Continuation of F.P. 58 starts at main entrance to Arley Hall in a northerly direction fork right at junction with F.P. 68 to district boundary at footbridge over River Douglas.	
BLA068	2	FP	804			Continuation of F.P. 67 in a north-westerly direction, turn north-east at 155m through wooded area crossing F.P. 67 at right angles continuing through wooded area with outlet on canal towpath.	
BLA069	2	FP	355			Starts from F.P. 68 183m east of crossing with F.P. 67 in a north-westerly direction for 457m through wooded area and ends at F.P. 68.	
BLA070	3	FP	660			To Huyton Bleachworks starts in Chorley Road on A.6 Road opposite Crow Nest Farm with exit at District Boundary near Bleachworks.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA071	3	FP	547			Starts in Dark Lane in a westerly direction for 274m then in a south-westerly direction to junction with F.P. 46.	
BLA072	3	FP	370			To Whitehill Farm starts in Chorley Road through Denton Farm yard in a north-easterly direction, exit at Whitehill Farm.	Awaiting Modification Order
BLA073	3	FP	611			Starts 338m south-east of junction of By-Pass Road with Chorley Road in a northerly direction, through stile at end of first field, turn in a north-westerly direction towards Markland Farm and continue to exit at Grimsford Lane.	
BLA074	3	FP	144			Continuation of F.P. 73 starts m from exit of 73 in a north-westerly direction alongside of railway, exit at Grimeford Lane.	
BLA075	3	FP	418			Starts from 73 at Junction of first field near stile in a north-easterly direction across pasture and over railway footbridge to District Boundary at footbridge over River Douglas.	
BLA076	3	FP	257			Starts in Chorley Road near Star Inn and passes through disused colliery yard with exit on F.P. 78.	
BLA077	3	FP	241			Starts Chorley Road opposite Star Inn with exit at Dark Lane.	
BLA078	3	FP	483			Starts in Chorley Road at Junction with Blackhorse Street and Chorley Road at the side of Aesculop House with exit at By-Pass Road.	
BLA079	2	FP	483			Starts at Sharrocks Farm in a northerly direction with exit at F.P. 50 near footbridge over River Douglas at District Boundary.	
BLA080	2 & 3	FP	579			Starts in Blundell Lane on Bridleway 57 in a northerly direction with exit near disused Brinks Colliery, junction of F.Ps. 47 and 48.	
BLA081	2 & 3	FP	692			Starts near disused Brinks Colliery at junction of F.Ps. 46 & 80 in a north-westerly direction with exit in Aberdeen near the Boatmans arms Hotel.	Awaiting Modification Order

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BLA083	3	FP	319	4m to 2m	Cobbles/Natural/Stone	Starting at Blackrod By-Pass Trunk Road A.6 opposite entrance to Whitehall Lane at grid reference SD361868 410995 and running in a generally north east by easterly direction through a metal kissing gate and field gate at grid reference SD361879 411000 for a distance of approximately 63 metres to grid reference SD361922 411025 then running in a generally north east by northerly direction for a distance of approximately 139 metres to grid reference SD361990 411147 where the path turns and continues in a generally south easterly direction for a distance of approximately 15 metres to grid reference SD361999 411135 to cross a footbridge over the railway, initially by 2 flights of 17 steps in a generally south easterly direction for a distance of approximately 15 metres to grid reference SD362008 411123 where the path turns continuing in a generally north east by easterly direction for a distance of approximately 17 metres utilising 2 flights of 5 steps to grid reference SD362022 411132 where the path turns continuing in a generally north west by northerly direction for a distance of approximately 15 metres utilising 2 flights of 17 steps to grid reference SD362013 411144 then running in a generally north west by northerly direction for a distance of approximately 17 metres to grid reference SD362003 411158 where the path turns and continues in a generally north east by northerly direction for a distance of approximately 38 metres to its end at the footbridge over the River Douglas at the district boundary at grid reference SD362024 411189	between grid ref SD361990 411147 and SD362003 411158 2 metres throughout
BLA086	7	FP	145			Starts near Hilton House Railway Station Bridge in a westerly direction to the District boundary with Westhoughton U.D.C.	
District Bolton							
BOL001	5	FP	91	0.6-0.9	Foot trodden	Starts at rear of Longworth Cottages and runs North West across rough ground to the Borough Boundary.	
BOL002	5	FP	32	3.6-4.2	Cinder	Starts at junction with Path Number 3 and Path Number 4 then runs South West alongside Longworth Cottages to junction with Path Number 1 and Path Number 5.	
BOL003	5	CRB	36	9	cinder	Starts at junction with Path Number 2 and Path Number 4 then North West to Borough Boundary.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL004	5	CRB	640	3.6	Gravel	Continuation of Path Number 6; house and wall on left hand side, wall and Golf Course on right hand side. After 50 yards wooden fence on both sides. 60 yards to field gate and squeezer stile and continues with wooden fence to left hand side and open land to right hand side. Ends at junction of Path Number 2 and Path Number 3 after further 350 yards.	
BOL005	5	FP	365	0.6	Foot trodden	Starts at field gate at Longworth Cottages; rough ground for 30 yards then South across Dunscair Golf Course. Follows cutting to Gale Clough and the Borough Boundary.	
BOL006	5	CRB	777	3.6-4.2	Gravel/stone	Continuation of Path Number 10 (Longworth Lane); runs North West with stone wall on right hand side and grass to left hand side; later stone walls on both sides. Ends at junction with Path Number 7 at Prospect Place.	
BOL007	5	FP	1005	2.4-3.6	Cinder	Starts at junction of Path Number 4 and Path Number 6. Starts North West then swings due South to Smith Fold; passes through farm yard and continues 250 yards to field gate. Further 170 yards then metalled surface with stone walls on both sides. Ends at junction with path number 6.	
BOL008	5	FP	36	2.4	Cinder/foot trodden	Starts at Fernhill Farm and junction of Path Number 14 and Path Number 13. Runs North West to the Borough Boundary.	
BOL009	5	FP	82	0.9	Gravel	Starts at junction with Path Number 10, then South East with Mill Lodge on left hand side. Ends at junction with Path Number 20 and Path Number 16.	
BOL010	5	CRB	59	4.2	Metalled	Continuation of Path Number 17 after junction with Path Number 16. Runs North West with stone wall on right hand side and hedge on left hand side to junction of Path Number 9 and Path Number 6.	
BOL011	5	FP	265	4.3	Cinder	Starts at junction with Path Number 21 then runs to West with stone wall on left hand side and hedge to right hand side. After 100 yards through field gate and is then unfenced. Ends at junction with Path Number 12 and Path Number 22.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL012	5	FP	676	2.4	Cinder/stone	Starts at junction of Path Number 11 and Path Number 22; runs North West with barbed wire fence on left hand side. After 120 yards field gate and squeezer stile. Open for 25 yards then barbed wire fence on right hand side. Further 300 yards then field gate and squeezer stile; continues for 150 yards with stone wall on right hand side and ends at junction with path Number 13 and Path Number 18.	
BOL013	5	FP	132	2.4	Cinder	Continuation of Path Number 12 after junction with Path Number 18 and runs to the North West with barbed wire fence on left hand side and stone wall on right hand side to end at Fernhill Farm.	
BOL014	4 & 5	FP	315	3	Concrete	Starts at Fernhill Farm and runs South West with barbed wire fence on each side; ends at field gate onto Belmont Road.	
BOL015	4	FP	210	0.6-0.9	Foot trodden	Starts at squeezer stile on Scout Road and runs North East across open land to end at stone squeezer stile n Belmont Road.	
BOL016	5	CRF	27	4.2	Metalled	Continuation of Path Number 20 after junction with Path Number 9 and runs East to junction of Path Number 10 and Path Number 17.	
BOL017	5	CRB	50	4.2	Cinder	Continuation of Path Number 21 after junction with Path Number 11; runs Southwards to junction of Path Number 16 and Path Number 10.	Gri Refs estimated as its not clear where 11 & 17 run and end.
BOL018	4 & 5	FP	388	1.8	Foot trodden	Starts at junction with Path Number 12 and Path Number 13 then South West across open field for 55m ti field gate and squeezer stile. Then barbed wire fence on left hand side for 91m to squeezer stile. Last 91m have hedge to right hand side and ends at Belmont Road.	
BOL019	4 & 5	FP	457	2.4	Stone	Starts on Belmont Road and runs to North West across open, rough ground gradually narrowing, to end 0.9m wide at Scout Road.	
BOL020	5	CRF	151	4.2	Metalled	Starts on Blackburn Road and runs to West with stone wall on right hand side and hedge on left hand side to end at junction of Path Number 16 and Path Number 9.	
BOL021	5	CRB	219	4.2	Gravel	Starts on Blackburn Road and runs North West with stone walls on both sides for 64m; then hedges on both sides to junction of Path Number 17 and Path Number 11.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL022	5	FP	242	0.6	Cinder	Starts at junction of Path Number 11 and Path Number 12 and runs South alongside lodge crossing overflow via a footbridge. After 68m stepping stile then across field to end at field gate and squeezer stile.	
BOL023	4 & 5	FP	489	3.6	Stone	Continuation of Path Number 24 after junction with Path Number 36; runs to East with wooden fence on both sides. After 228m surface and width deteriorates until after 274m improves and finally ends at junction with Path Number 46.	
BOL024	4	FP	228	1.5	Cinder	Starts on Scout Road and runs South East with wooden fence on both sides to end at squeezer stile at junction with Path Number 36.	
BOL027	4	FP	484	3.0	Metalled/Foot trodden	Starts at Sheep Cote Green Farm at junction of Path Number 58 and Path Number 59 and runs North West to stream and Stepping stones. Continues to Roscows Tenement, through yard then with stone walls on both sides to end on Coalpit Road.	
BOL028	4	FP	366	0.9	Foot trodden	Starts at Holdens Farm then South East to bridge over stream; through squeezer stile then along-side stream to end at Dean Brook.	
BOL029	4	BW	311	5.4	Grass	Starts at Holdens Farm then Westwards between stone walls; after 36m barbed wire fence on left hand side. Through squeezer stile then open meadow on right hand side. Through further squeezer stile then footbridge over Dean Brook and ends at Holdens Plantation.	
BOL030	5	FP	233	0.6-1.2	Gravel/Cinder	Continuation of Path Number 31 after junction with Path Number 32 and runs to the North East; after 91m passes over stream via footbridge. Ends at squeezer stile onto Blackburn Road.	Awaiting Modification Order
BOL031	5	CRF	219	4.2	Metalled	Continuation of Path Number 39 after junction with Path Number 40 and runs to the Northwest between hedges to end at Springfield Bleach Works.	Awaiting Modification Order
BOL032	5	FP	169	0.9	Cinder/cobbles	Starts at squeezer stile at junction of Path Number 43 and Path Number 43 and Path Number 33 and runs to the East with stone wall on left hand side and barbed wire fence on right hand side. Surface changes for final 46m and ends at Springfield Bleach Works.	Awaiting Modification Order
BOL033	5	CRF	22	4.2	Stone	Continuation of Path Number 34 running to the South to join Path Number 43.

BOL248	9	FP	192	1.2	Foot trodden	Starts at junction with Path Number 258 and Path Number 257 and runs across meadow to end at junction with Path Number 246.	
BOL249	9	FP	306	2.7	Gravel/cinder	Starts in Long Lane and runs East then North East. Ends in Blenheim Road.	
BOL253	9	CRF	256	1.8	Cinder/cobbles	Starts at junction with Path Number 257 and runs South West with hedge and barbed wire fence to right hand side. Ends at junction with Path Number 254 near to New House.	
BOL254	9	CRF	155	1.8-3.6	Cinder/metalled	Starts in Radcliffe Road and runs to North for 45m then over railway via cartbridge. Continues with metalled roadway to right hand side for final 27m to end at junction with Path Number 253 near New House.	
BOL255	9	CRF&FP	292	2.4-3.0	Metalled	Starts at the end of Colenso Road and runs South East with barbed wire fence to left hand side. After 64m footbridge over Bradshaw Brook 27m long then continues with barbed wire fence to right hand side and ends in Oakenbottom Road.	
BOL256	9	FP	274	1.2-2.4	Cobbles/cinder	Starts in Oakenbottom Road with cobbled surface and runs South East for 45m; then uphill for 91m and continues with cindered surface to end at entrance to Leverhulme Park.	
BOL257	9	CRF	27	1.8	Cinder	Continuation of Path Number 258 after junction with Path Number 248 and runs to West to end at junction with Path Number 253.	
BOL258	9	CRF	91	1.8	Cinder	Continuation of Path Number 259 after junction with Path Number 244 and runs to the West to end at junction with Path Number 248.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL259	9	CRF	50	1.8	Cinder	Starts at junction of Path Number 243 and Path Number 247 and runs to the West with hedge and barbed wire fence to right hand side to junction with Path Number 244.	
BOL260	9	FP	91	1.5	Cinder/stone	Starts at the end of Hilton Street and runs to the South East with sheet metal works on left hand side to end at Edditch Grove.	Awaiting modification order
BOL261	9	FP	110	3.6-5.4	Cinder	Starts at the end of Hilton Street and runs south across waste ground to entrance to Leverhulme Park.	
BOL262	9	FP	55	4.5	Cinder	Starts at the end of Edditch Grove and runs to the South West to end at junction of Path Number 261 and Path Number 263 at entrance to Leverhulme Park.	
BOL263	9	FP	174	1.8-3.0	Cinder	Starts in Tonge Fold Road and runs South East across waste land, then church on left hand side. Continues with wooden fence on both sides for 73m; then waste land on left hand side and fence on right hand side and ends at junction with Path Number 261 and Path Number 262 outside entrance to Leverhulme Park.	
BOL264	9	FP	151	0.6-1.8	Cinder	Continuation of Path Number 266 after junction with Path Number 265 and runs North East across waste land; crosses sluice gate on concrete slab after 91m and proceeds into Leverhulme Park over footbridge.	
BOL265	9	FP	165	1.8	Cinder	Starts at junction with Path Number 264 and Path Number 266 and runs to East with empty mill race on right hand side to end at corner of island.	
BOL266	9	FP	311	1.8	Cinder	Starts at the bottom of Hag End Brow and runs North with River Tonge on left hand side. Ends at junction with Path Number 264 and Path Number 265.	
BOL267	9	FP	731	1.8-2.4	Stone	Starts in Bradford Street and runs South with former canal on left hand side. After 91m reservoir on right hand side. Continues through marshy land for 228m then river on right hand side and ends under viaduct at junction with Path Number 326.	
BOL268	8 & 9	FP	1156	1.8	Cinder	Starts at the end of Gilnow Lane and runs to the West crossing stream by footbridge after 91m. Then stream to left hand side and wooden fence to right hand side. Continues across further footbridge and ends at railway bridge at junction with Path Number 269 and Path Number 327.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL269	8	CRF	338	3.0-4.5	Cinder	Continuation of Path Number 327 after junction with Path Number 268 and runs North over railway via cartbridge, with wooden fence on right hand side for 182m then iron railings. Hedges on left hand side for most of length and ends at junction with metalled road.	Part of this is Overdale Drive which is a private road owned by Beaumont Estates who give BMBC permission to use it. Managed by Leisure Services.
BOL270	8	FP	731	1.8	Cinder	Continuation of Path Number 268 after junction with Path Number 327 and runs to the West with stream to left hand side and wooden fence to right hand side. Ends at Ladybridge Lane.	
BOL271	8	FP	758	1.8	Cinder	Starts at Ladybridge Lane and runs to West with wooden fence to right hand side and stream to left hand side. Ends at junction with Path Number 272 and Path Number 273 at Beaumont Road.	
BOL272	8	FP	128	1.8	Cinder	Starts at junction with Path Number 271 and runs to South between wooden fences rising to level of Beaumont Road.	
BOL273	8	FP	493	1.8	Cinder	Starts at junction of Path Number 271 and Path Number 272 and runs to South West under Heaton Bridge with sleeper fence to right hand side and stream to left hand side. Passes Lostock Junction Mill to left hand side and follows stream to end at junction with Path Number 274 and Path Number 275.	
BOL274	8	FP	105	6.4	Setts	Starts at junction with Path Number 275 and Path Number 273 and runs to the South between hedges then crosses a footbridge and a cartbridge and ends on Rumworth Road.	
BOL275	8	FP	41	1.5	Cinder	Starts in Rumworth Road and runs to South East down wooden steps, over footbridge and ends at junction with Path Number 273 and Path Number 274.	
BOL276	8	FP	242	1.2	Foot trodden	Starts in Regent Road and runs South across Golf Course ending at junction with Path Number 277 and Path Number 278.	
BOL277	8	CRF	201	1.8	Cinder	Starts at junction of Path Number 338 and Path Number 276 and runs East across Golf Course to end on Regent Road.	
BOL278	8	CRF	347	1.8	Cinder	Starts at junction with Path Number 276 and Path Number 277 and runs to Wst across Golf Course for 182m and ends at junction with Path Number 279.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL279	8	CRF	960	1.8	Cinder/gravel	Continuation of Path Number 278 and runs to West for 210m where Golf Course ends. Continues with gravel surface and hedge to left hand side. After 320m and 393m there are cattle grids. Then barbed wire fence to left hand side and ends at another cattle grid at Lostock Hall Fold at junction with Path Number 281 and Path Number 284.	
BOL280	8	CRF	183	3.0	Gravel	Mill Lane. Starts at Borough Boundary and runs to South between hedges with loose gravel surface. Ends at junction with Path Number 284 at Lostock Hall Fold.	
BOL281	8	CRF	366	3.0	Gravel	Mill Lane. Continuation of Path Number 280 after junction with Path Number 284 and runs South between stone walls for 137m. Then hedge on left hand side and after further 91m hedges on both sides to squeezer stile at junction with Path Number 282 where it ends.	
BOL282	8	FP	512	2.4	Cinder	Continuation of Path Number 281 and runs to the South following barbed wire fence around Mill Pond then continues with trees and hedges to left hand side. Cross railway by footbridge through squeezer stile and ends after crossing meadow at Gibraltar Farm at junction of Path Number 345 and Path Number 346.	
BOL283	8	CRF	142	2.4	Gravel	Ox Heys Lane. Consists of portion of this Lane running East to West which falls within the Borough, the boundary being at both ends.	
BOL284	8	CRF/FP	238	3.6	Metalled/cinder	Old Hall Lane. Starts on Lostock Lane and runs to the East with cinder surface with barbed wire fence and hedge to left hand side for 91m then changes to metalled surface and runs between factory buildings (D.H. Propellers Limited) for 146m to end at Mill Lane.	
BOL285	7	FP	416	1.5	Foot trodden	Starts on Borough Boundary at footbridge over stream and runs South between hedges then follows barbed wire fence to gate posts, passes under A6027. Continues with barbed wire fence to right hand side to squeezer stile. Then fence on left hand side and ends at junction with Path Number 286.	Awaiting modification order
BOL286	7 & 8	CRF	338	3.0	Foot trodden/cinder	Continuation of Path Number 285 and runs to East with hedge to left hand side up to field gate. Through Stone House Farm yard and continues with hedge to left hand side and wire fence to right hand side. Ends in Lostock Lane.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL288	7	CRF	247	1.5	Cinder	Continuation of Path Number 290 after junction with Path Number 289 and runs North over footbridge over railway and continues through squeezer stile with barbed wire fence to left hand side. After 128m Carbridge over stream and ends after another 128m at the carbridge over the stream marking the Borough Boundary.	Awaiting modification order
BOL289	7	FP	352	0.6-1.2	Foot trodden	Starts at junction with Path Number 291 and Path Number 292 and runs to North West with barbed wire fence to left hand side across meadow. Ends at junction of Path Number 290 and Path Number 288.	
BOL290	7	CRF	206	1.5	Cinder	Starts at junction of Path Number 291 and Path Number 293 and runs to North across field to end at junction with Path Number 289.	
BOL291	7	CRF	206	1.8-2.4	Cinder	Starts at junction with Path Number 293 and Path Number 290 and runs to the East between hedges to end at junction with Path Number 292 and Path Number 289.	
BOL292	7	CRF	128	1.8-2.4	Cinder	Continuation of Path Number 366 and runs to West with trees on right hand side and hedges on left hand side, under A6027. Ends at junction of Path Number 291 and Path Number 289.	
BOL293	7	CRF	68	1.5	Cinder	Starts at junction of Path Number 295 and Path Number 294 and runs to North East with barbed wire fence on right hand side and ditch on left hand side. Ends at junction with Path Number 290 and Path Number 291.	
BOL294	7	FP	215	2.4	Cinder	Starts at junction of Path Number 295 and Path Number 293 and runs to South then East along M61 emankment onto motorway roundabout. Ends at Borough Boundary.	
BOL295	7	CRF	347	1.5	Cinder	Starts at junction with Path Number 296 and runs to the South East with barbed wire fence to the right hand side. Ends at the junction of Path Number 294 and Path Number 293.	
BOL296	7	FP	183	2.4	Cinder	Starts at junction of Path Number 295 and runs to the North West, ending at squeezer stile on Borough Boundary.	
BOL297	7	FP	220			From junction with f.p. 298 in a south-easterly direction alongside the M61 then runs south west to the boundary.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL298	7	FP	225			From the borough boundary in a south easterly direction alongside M61 then turns south west and runs to the borough boundary.	
BOL299	10	CRF	64	2.7	Cinder	Continuation of Path Number 224 after junction with Path Number 300 and runs South between hedges to junction with Path Number 301 and Path Number 302.	
BOL300	10	CRF	73	3.0	Cinder	Starts at junction of Path Number 224 and Path Number 299 and runs to West with wooden fence on right hand side. Ends at junction with Path Number 301 and Path Number 303.	
BOL301	10	CRF	82	4.5	Cinder	Starts at junction of Path Number 299 and Path Number 302 and runs to the North West to junction of Path Number 300 and Path Number 303.	
BOL302	10	CRF	100	4.5	Cinder	Continuation of Path Number 301 after junction with Path Number 299 and runs to South East to end at Borough Boundary.	
BOL303	9	CRF	242	4.5	Cinder	Continuation of Path Number 300 after junction with Path Number 301 and runs to the West through Davenport Farm yard after 137m. Then continues to end at junction with Path Number 304 and Path Number 305.	
BOL304	9	FP	91	1.2	Cinder	Continuation of Path Number 242 after junction with Path Number 243 and runs to the South over railway by footbridge and then continues for 27m with barbed wire fence on right hand side to end at junction with Path Number 303 and Path Number 305.	
BOL305	9	CRF	50	4.5	Cinder	Continuation of Path Number 304 after junction with Path Number 303 and runs to the South to end on Radcliffe Road.	
BOL306	9	CRF	228	3.0-4.5	Cinder/cobbles	Starts at junction of Path Number 309 and Path Number 307 and runs to the North for 68m with cindered surface then widens to 4.5m with cobbles and ends in Radcliffe Road.	
BOL307	9	CRF	333	3.0	Cinder	Starts at junction with Path Number 308 and Path Number 310 and runs to North with wooden fence on right hand side and barbed wire fence on left hand side. Ends at junction with Path Number 306 and Path Number 309.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL308	9	FP	114	0.6-1.2	Foot trodden	Starts at junction with Path Number 307 and Path Number 310 and runs to the East downhill through meadow to Blackshaw Brook and squeezer stile on Borough Boundary.	
BOL309	9	CRF	594	1.8	Cobbles/cinder	Starts in Radcliffe Road and runs to the East with houses on left hand side for 27m, then into meadow through stone wall. Then through fence after 36m. Surface now cindered and continues through allotments then meadow with barbed wire fence on left hand side and hedges to right hand side. Ends at junction with Path Number 306 and Path Number 307.	
BOL310	9	FP	283	0.6-1.2	Foot trodden	Starts at junction with Path Number 313 and Path Number 311 and runs to North East with barbed wire fences on both sides through meadow. Squeezer stile after 68m then continues with hedge and fence to left hand side through further meadow. Ends at junction with Path Number 307 and Path Number 308 in Darcy Lever Old Hall farm yard.	
BOL311	9	FP/CRF	247	2.4	Stones	Continuation of Path Number 313 after junction with Path Number 310 and runs to South for 91m then changes to CRF and continues downhill with stone walls each side for last 45m to end at junction with Path Number 316.	
BOL312	9	CRF	105	4.5	Cinder/gravel	Continuation of Path Number 318 after its junction with Path Number 317 and runs South with broken fence on right hand side following river to end at Borough Boundary.	
BOL313	9	CRF/FP	731	0.3-3.6	Cobbles/cinder/stone	Ormond Street. Starts in Radcliffe Road and runs to South East with wall to right hand side and houses to left hand side. Cobbled surface 3.6m wide for 36m then cinders 2.4-3m wide with canal bank to right hand side and hedge to left hand side. Further 72m and changes to FP and runs along canal bank for 137m then through meadow to barbed wire fence. Now stony surface 0.3-0.9m wide with barbed wire fence to left hand side and canal bank to right hand side. Ends at junction with Path Number 310.	
BOL314	9	FP	1220	3.6	Cinder/stone	Starts in Radcliffe Road and runs to South East after crossing canal. Canal bank on left hand side and ends at junction with Path Number 315.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL315	9	FP	64	0.3-0.6	Clay/stones	Starts at junction with Path Number 318 and runs North up canal embankment to end at junction with Path Number 314.	
BOL316	9	CRF	32	3.0-4.5	Cobbles	Starts at junction with Path Number 318 and runs North up canal embankment to end at junction with Path Number 314.	
BOL317	9	FP	59	3.6	Cinder/stone	Continuation of Path Number 314 after junction with Path Number 315 and runs to South East to end at junction with Path Number 316 and Path Number 311.	
BOL318	9	CRF	822	2.4-6.0	Cinder/hardcore	Fogg Lane. Starts in Hacken Lane and runs to South East with sewage works to right hand side. After 27m narrows from 6m to 3m and continues with wooden fence to right hand side and hedges to left hand side. Final 137m have hardcore surface 3m-4.5m wide with barbed wire fence on both sides. Ends at junction with Path Number 315.	
BOL319	9	CRF	338	1.2-3.0	Gravel/hardcore	Continuation of Path Number 321 after junction with Path Number 325 and runs North with gravel surface for 45m then changes to hardcore. After 100m runs under canal bridge and continues with barbed wire fence and river on right hand side to pass under railway viaduct and ends on Radcliffe Road as Chapel Place.	
BOL320	9	CRF	330	3.0-6.0	Metalled	Raikes Lane. Starts on Burden Road and runs to the North East 4.5m wide with lamp standards at 27m intervals on left hand side. After 91m is 18m wide with kerb on both sides. Crosses River Croal and ends at junction with Path Number 322.	
BOL321	9	CRF	59	4.5	Metalled	Continuation of Path Number 320 after junction with Path Number 322 and runs to East to end with Path Number 325 at entrance to Raikes Works.	
BOL322	9	FP/CRF	731	0.3-3.0	Cinder	Starts at junction of Path Number 320 and Path Number 321 and runs to South with 1.2m wide surface, and wooden fence to left hand side and metal rail fence to right hand side. Crosses River Croal by footbridge and continues with 0.3-1.2m wide surface. Over final 91m widens to 3m and passes beneath A666 ends on Manchester Road.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL323	9	CRF	306	3.0-6.0	Cobbles/cinder/gravel	Lower Darcy Street. Starts in Radcliffe Road and runs to South with cobbled surface; after 27m surface of cinders and gravel with metalled footpath on right hand side. Further 137m and runs under railway bridge then joins Higher Darcy Street with cobbled surface. Narrows to 3m and end on Bentley Bridge.	
BOL325	9	CRF	210	1.5-3.0	Gravel	Continuation of Path Number 323 after Bentley Bridge and runs to South East downhill for 91m. Ends at junction with Path Number 319 and Path Number 321.	
BOL326	9	FP	457	1.8	Cobbles/gravel	Continuation of Path Number 267 after railway viaduct and runs to South East with cobbled surface for 18m, then gravel surface as path follows filled in canal to end at Bentley Bridge.	
BOL327	8	CRF	640	0.6-1.2	Foot trodden	Starts at junction with Path Number 270 and Path Number 268 and runs South between wooden fences. Stream to right hand side and then follows boundary wall of St. Marys to left hand side and ends in Junction Road.	
BOL328	8	FP	731	1.8	Cinder	Starts on Junction Road and runs North skirting Moorside Farm with hedges on both sides for 137m. Then follows barbed wire fence to squeezer stile and continues with barbed wire fence on right hand side. Last 201m curve North West across Golf Course and ends at squeezer stile in Ladybridge Lane.	
BOL330	8	FP	150	1.8	Cinder	Starts on Junction Road and runs to South West to Armadale Road.	
BOL331	8	FP	151	2.4	Gravel	Starts in Tempest Road and runs to North East and crosses dam. Continues through squeezer stile and with stone wall on right hand side ends in Junction Road.	
BOL332	8	CRF/FP	516	1.2	Cinder	Continuation of Path Number 334 after junction with Path Number 335 and runs to the North to squeezer stile near Walker Fold Farm whence it changes to F.P. and continues to further squeezer stile. Then with hedge and, later wooden fence, on left hand side skirts Lostock Open Air School and ends in Tempest Road.	
BOL333	8	FP	196	0.6	Foot trodden	Starts at Lock Lane at squeezer stile near Seddon Fold and runs East then North with hedge on left hand side to junction with Path Number 337.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL334	8	CRB	146	3.0	Metalled	Starts in Lock Lane and runs North with wooden fence on left hand side and hedge on right hand side to end at field gate at junction with Path Number 335 and Path Number 337.	
BOL335	8	FP	128	0.6	Foot trodden	Starts at squeezer stile in New Tempest Road and runs to East with hedge on left hand side and ends at squeezer stile at junction with Path Number 334.	Awaiting modification order
BOL336	8	FP	265	0.6-1.2	Foot trodden	Starts in Beaumont Road and runs North then West with hedge on left hand side as far as barbed wire fence. Crosses fence and continues with hedge on right hand side to squeezer stile. Formerly continued across Rumworth Lodge but now extremely marshy.	
BOL337	8	FP	530	0.6	Foot trodden	Continuation of Path Number 335 after junction with Path Number 334 and runs to East across meadow, then follows hedge on left hand side and ends at junction with Path Number 333.	
BOL338	8	FP	758	1.2	Foot trodden	Starts at junction with Path Number 339 and follows hedged on left hand side to North, then barbed wire fence on right hand side and continues to squeezer stile and footbridge over stream. Then wooden fence on right hand side to further footbridge over stream and continues across field to footbridge over railway. Crosses Golf Course and ends at junction with Path Number 277 and Path Number 278.	
BOL339	8	CRF	215	3.0	Stone	Starts on St. Johns Road and runs North skirting Wicken Lees Farm to squeezer stile. Crosses cart-bridge over railway and swings right through squeezer stile and ends at junction with Path Number 338.	
BOL340	8	FP	439	1.8	Foot trodden	Starts at junction with Path Number 338 and Path Number 339 at squeezer stile and runs West across footbridge 47m long over Lostock sidings. Then continues to North West across field to stepping stile for 91m. Follows boundary fence to further stepping stile to end at junction with Path Number 341 and Path Number 342.	
BOL341	8	FP	411	0.6	Foot trodden	Continuation of Path Number 342 after junction with Path Number 340 and runs for a short distance North then continues to North West with hedge on left hand side. Passes through fence after 274m and crosses ploughed field to end at stream and squeezer stile, at Path Number 345.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL342	8	FP	238	0.6	Foot trodden	Starts in Chulsey Gate Lane and runs North past farm then crosses stream and climbs valley to end at junction with Path Number 340.	
BOL343	8	CRF	338	3.6	Metalled/cinder	Chulsey Gate Lane. Starts at end of St. Johns Road and runs to the West with iron railings to left hand side and stone wall to right hand side over railway. After 68m beyond bridge surface changes to cinders and continues with hedges on both sides to end at junction with Path Number 342.	
BOL344	8	CRF	366	3.0	Cinder	Chulsey Gate Lane. Continuation of Path Number 343 after junction with Path Number 342 and runs to the West with hedge to left hand side and wooden fence to right hand side. Ends at junction with Path Number 349 and Path Number 350.	
BOL345	8	FP	466	0.6	Foot trodden	Continuation of Path Number 341 and runs to the West with barbed wire fence to left hand side for 91m then through squeeze stile and continues with barbed wire fence to right hand side for 91m then stepping stile. After further 228m passes Gibraltar Farm and ends at junction with Path Number 346 and Path Number 282.	
BOL346	8	CRF	55	2.4	Cinder	Starts at junction of Path Number 345 and Path Number 282 and runs to the West from Gibraltar Farm passing Ralph Rold on the right hand side. Ends at junction with Path Number 348 and Path Number 347.	
BOL347	8	CRF	128	2.4	Cinder	Continuation of Path Number 346 after junction with Path Number 348 and runs to the West between hedges passing Pendlebury Fold on the right hand side. Then ends at squeeze stile at junction with Path Number 357.	
BOL348	8	CRB	329	3.0	Cinder	Starts at junction of Path Number 346 and Path Number 347 and runs to the South with hedge on right hand side and barbed wire fence on left hand side. After 182m runs between hedges for 55m then fence to left hand side and continues between hedges to end in Wingates Lane.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL349	8	FP/CRF	832	0.6-3.0	Grass/cinder	Starts at junction with Path Number 350 at the end of Chulsey Gate Lane and runs to the North West as F.P. with barbed wire fence to right hand side. After 182m joins CRF, and continues as CRF with barbed wire fence to right hand side until entrance to Whittle House Farm where it continues as a F.P. across field 182m from end passes through squeezer stile and continues between barbed wire fence on left hand side and wire fence on right hand side for 91m to further squeezer stile and then crosses meadow to end in Wingates Lane.	
BOL350	8	FP	164	0.9	Foot trodden	Starts on Chulsey Gate Lane and runs to the South West with barbed wire fence on left hand side. Ends at squeezer stile at junction with Path Number 353 and Path Number 351.	
BOL351	8	FP	274	0.9	Foot trodden	Starts at junction with Path Number 360 and runs to the South East with hedge on the right hand side. Ends at squeezer stile at junction with Path Number 350 and Path Number 353.	
BOL352	8	FP	290	0.9	Foot trodden	Starts at junction with Path Number 353 and Path Number 354 and runs to the South with hedge on left hand side and wire fence on right hand side. Passes through gap in barbed wire fence and crosses stream by stone slab footbridge. Continue with hedge to right hand side then through field gate and with hedge to left hand side continues to squeezer stile. Follows hedge to another squeezer stile then crosses pond and ends at entrance to Ditchers Farm on Borough Boundary.	
BOL353	8	FP	100	0.6-1.2	Foot trodden	Continuation of Path Number 350 after junction with Path Number 351 and runs to South West under M61 at junction of Path Number 352 and Path Number 354.	
BOL354	8	FP	370	0.6-1.2	Foot trodden	Starts at the end of Path Number 355 runs West along motorway embankment to junction with Path Number 352 and Path Number 353.	
BOL355	8	CRF	240	3.6	Stones	Starts on Chew Moor Lane at the Borough Boundary and runs to the North West across railway by cartbridge then swings South West and ends at junction with Path Number 354.	
BOL356	8	CRB	215	3.6	Metalled	Pocket Nook Road. Starts on Tempest Road and runs to the South between houses for 91m then continues between hedges to end at Borough Boundary at entrance to Pocket Nook Farm.

BOL368	9	FP	247	1.8	Cinder	Starts in Rishton Avenue and runs to the South with garden fence to left hand side for 27m and sleeper fence to right hand side. Swings under railway bridge and then follows railway line to Borough Boundary.	
BOL369	9	FP	183	1.8	Cinder	Starts at the end of Garswood Road and runs to the South down steps and across Will Hill Groom. Then rises between barbed wire fences up steps to end at Borough Boundary.	
BOL370	9	FP	521	1.8	Metalled/cinder	Starts in Freshfield Avenue and runs to the South with wooden fence on right hand side and wire fence on left hand side. After 14m crosses Will Hill Brook and continues for 146m then swings to West along Milking Lane with cinder surface. Ends at junction with Path Number 371.	
BOL371	9	FP	365	1.8	Cinder	Starts on Milking Lane and runs to South East with ditch and barbed wire fence to right hand side. Ends at Borough Boundary with Golf Course on left hand side.	
BOL372	9	FP	265	1.5	Cinder	Starts in Freshfield Avenue and runs to the South with wooden fence on right hand side and wire fence to left hand side. Final 46m passes between playing fields and ends on metalled road opposite Holme Fold.	
BOL373	9	FP/CRF	480	0.9-2.4	Foot trodden/cinder	Starts in Plodder Lane and runs to the North with wire fence to right hand side and rail and post fence to left hand side. Then barbed wire fence to left hand side for 91m, to squeezer stile; continues into meadow as CRF with barbed wire fence to left hand side and hedge to right hand side. Ends at squeezer stile and field gate in lane by Top o'th' Height Farm.	
BOL374	9	CRB	210	3.0	Cinder	Starts in Plodder Lane and runs South between stone walls to end at junction with Path Number 380 at Moss Hall Farm.	
BOL375	9	CRF	174	3.0	Cinder	Starts on Plodder Lane at the Borough Boundary and runs South with hedges on right hand side and swings left at entrance to Higsons Fold and continues between hedges to junction with Path Number 376.	
BOL376	9	CRF	302	3.0	Cinder	Continuation of Path Number 375 and runs South between hedges to field gate at junction of Path Number 378 and Path Number 379.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL378	9	CRF	137	2.4	Cinder	Starts at junction of Path Number 379 and Path Number 442 and runs to East skirting arable field, with hedge on right hand side. Ends at Borough Boundary.	
BOL379	9	CRF	338	3.0	Cinder/natural	Starts at junction with Path Number 378 and Path Number 376 and runs to the West between hedges to its junction with path Bolton 380 at Moss Hall Farm Cottages grid reference SD70647 05456 then running in a generally south-south westerly direction to grid reference SD70644 405452 for a distance of approximately 4 metres then running in a generally west by southerly direction between boundary fence to the north and hedge to the south to its end at the junction of way Bolton 381A grid reference SD70624 05451 for a distance approximately 20 metres	
BOL380	9	FP	127	3.0-2.3	Natural	commencing from its junction with way Bolton 374 at grid reference SD70555 05499 between fences in a generally east by - northerly direction to grid reference SD70611 05509 for a distance of approximately 59 metres then running in a generally east - south easterly direction with Moss Hall Farm Cottages to the west to grid reference SD70624 05504 for a distance of approximately 14 metres then running in a generally south by easterly direction to grid reference SD70628 05489 for a distance approximately 16 metres then running in a generally south easterly direction to grid reference SD70641 05479 for a distance of approximately 16 metres then running in a generally southerly direction to grid reference SD70644 05458 for a distance of approximately 21 metres then running in a generally south - south easterly direction to its end at the junction of way Bolton 379 grid reference SD70647 05456 for a distance of approximately 4 metres	Awaiting modification order between SD70611 05509 to SD70611 05509 part of diversion order confirmed 2009 Between grid reference SD70555 05499 and SD70611 05509; 3.0 metres throughout. Between grid reference SD70624 05504 and SD70647 05456; 2.3 metres throughout
BOL381	9	CRF	110	6.0	Cinder	Continuation of Path Number 383 after junction with Path Number 382.	
BOL381a	9	CRF/FP	295			From junction with footpath 442 and 382 at subway beneath M61 in a Westerly direction, then runs North as CRF to grid reference SD70616 05450 then in a generally east by northerly direction between boundary wall to the north and hedge to the south to its end at the junction with way Bolton 379 grid reference SD70624 05451 for a distance of approximately 8 metres	Between grid reference SD70616 05450 and SD70624 05451; 3.0 metres throughout over a natural surface

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL382	9	FP	539	0.9	Foot trodden	Starts at subway entrance under motorway at junction with Path Number 442 and runs to the West with wire fence to left hand side for 91m then continues between hedges for further 91m to squeezer stile. Now runs through meadow with hedge to right hand side and ends at junction with Path Number 381 and Path Number 383.	
BOL383	9 & 13	CRF/FP	384	1.2	Cinder	Starts at junction with Path Number 381 and Path Number 382 and runs to the South with barbed wire fence on left hand side for 91m to field gate and squeezer stile. Now continues as F.P. with spoil heap on left hand side; after 329m squeezer stile and continues with hedge on left hand side and fence to right hand side to end on Salford Road.	
BOL384	13	FP	361	1.5m/1.2m	Metalled/Foot Trodden	The footpath commences on the footway off Salford Road and runs in a south-west direction on the north side of an access road on a made surface for approximately 168 metres with a width of 1.5 metres. The path continues in a generally southerly direction following the toe of an embankment for approximately 271 metres with a width of 1.2 metres on a natural surface to its end, meeting a permissive path running parallel to and east of Cutacre Brook.	
BOL385	9	FP	207	1.5	natural	Starts near the junction of Lambton Street and Bayswater Street at grid reference SD370196 406760 then running in a generally west-south westerly direction to grid reference SD370150 406743 for a distance of approximately 49 metres where the path turns and continues south with wire fences on both sides to end at squeezer stile at junction of path number 386 and path number 387.	
BOL386	8 & 9	CRB	128	1.5	Cinder	Starts in Smethurst Lane and runs East with wire fence on left hand side for 46m then hedge on left hand side and ends at squeezer stile at junction with Path Number 385.	
BOL387	9	CRB	196	1.5	Cinder	Starts at squeezer stile and field gate in Lane and runs to the North West for 46m to second field gate. Continues with barbed wire fence on right hand side to squeezer stile at junction with Path Number 385.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
BOL388	8 & 9	CRF	704	2.4	Foot trodden	Starts in Smethurst Lane and runs to East for short distance then swings North. Field gate and squeezer stile after 47m then across meadow for 46m to barbed wire fence which is followed on right hand side for 274m to squeezer stile and ends at junction of Path Number 386 and Path Number 387 after further 399m.	
BOL389	8	CRF	521	1.8	Foot trodden	Starts in Plodder Lane and runs South with farm buildings on left hand side for 18m. Then wire fence on right hand side and after 248m field gate and squeezer stile. Crosses over M61 by footbridge then passes through fence and ends at field gate in Salford Road.	
BOL390	8	CRB	137	3.0	Metalled	Rosemary Lane. Starts on Salford Road and runs South with wire fence on right hand side and hedge on left hand side to end at junction with Path Number 418 near Adises Farm.	
BOL391	8 & 12	RB	488	3.0	limestone	Rosemary Lane. Starting from its junction with Restricted Byway Bolton 390 at grid reference SD 369720 405345 continuing south to grid reference SD 369713 405302 with Adises Farm on right hand side for a distance of approximately 44 metres then curving with Adises Farm on right hand side for a distance of approximately 140 metres in a generally west-south-westerly direction to grid reference SD 369588 405269 at the junction with Public Footpath Bolton 418 where the way turns continuing in a generally south by westerly direction to grid reference SD 369552 405084 for a distance of approximately 190 metres then curving in a generally south-westerly direction for a distance of approximately 114 metres to its end at the junction with Restricted Byway Bolton 394 at grid reference SD 369463 405018.	Kent carriage gap installed near Adises Farm
BOL392	8, 9 & 12	RB	451	3.0	Sand stone	The Restricted Byway commences on Salford Road at grid reference SD370069 405336 and leads in a generally south-westerly direction along the gas main easement across a side access road to its junction with Restricted Byway No 396 Bolton at grid reference SD 369905 404916	
BOL393	12	FP	270	2.0	Hard Standing	The footpath commences from the main access road at grid reference SD369937 404999 and leads in a generally north westerly direction to its junction with Restricted Byway No 391 (Rosemary Lane) at grid reference SD369686 405094

District Farnworth							
FAR002	9	FP	140			Starts at the south of Windermere Road and passes through stile into well-defined section. Approx. 3.2m wide alongside Back o'th'Dicks reservoir; ends at junction of footpath 8.	
FAR006	9	FP	177			Starts at northern boundary at Back o'th'Dicks reservoir by iron railing fencing by reservoir; wire and post other side until railway and path runs parallel with railway to junction of footpath 8 and footpath 7.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
FAR007	9	FP	209			Starts at junction of Footpath 6 and Footpath 8 across across mineral railway and then alongside thorn hedge on western side of field to bridge over motorway and boundary between Farnworth and Little Hulton, with stile at boundary.	A small part of the path at the Southern end is now in Salford after the 1991 boundary change.
FAR008	9	FP	128			Starts at junction of Footpath 6 and Footpath 7 and continues between the railway and Back o'th Dicks reservoir, well-defined both sides and ends at Footpath 2.	
FAR009	9	FP	177			Starts at Leo Watson's Farm and past Lee Farm and ends at junction of Footpath 10 and Footpath 11, well-defined and width about 6m.	
FAR010	9	FP	80			Starts at junction of Footpath 9 and Footpath 11 and ends at continuation of Highfield Road opposite to Cherry Tree Farm. Well-defined. Width approximately 7m.	
FAR011	9	FP	209			Starts midway between Cherry Tree Farm and Lee Farm at junction of Footpath 10 and Footpath 11. Well defined width 7.6m and ends at junction of Footpath 13 and Footpath 14.	
FAR012	9	FP	322			Starts at junction of Footpath 13 and Footpath 14 well defined, width approx. 7.6 m. Crosses over mineral railway by a level crossing and continues past Highfield Lane end to the boundary between Farnworth and Little Hulton and bridge over motorway.	Continues as Salford Footpath No ? over the Motorway bridge which is now in Bolton after 1991 boundary change.
FAR013	9	FP	128			Starts at junction of footpath 6 and footpath 13 and ends at junction of footpath 11 and footpath 12. Well defined width approximately 5.5m.	
FAR014	9	FP	209			Starts west side of Cherry Tree Farm off Footpath 10. Old stile next to gate into field. Well defined, approx. 3m wide and ends at junction of Footpath 11 and Footpath 12.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
FAR015	9	FP	418			Starts by side of 548, Plodder Lane through stile. Well defined after about 23m with thorn hedge on R.H.S. and two strand barbed wire fence on L.H.S. width of path approx. 3.6m. At bend in path thorn hedge gives way to barbed wire fence; width of path approx. 2m. Past small reservoir on R.H.S. path widens out with thorn hedge on R.H.S. and wire fence on left hand side; width approx. 6.5m; and then down past golf course and stream on L.H.S. down to boundary between Bolton and Farnworth.	
FAR016	9	FP	772			Starts off Plodder Lane between No. 502 and 504, turns left behind gardens. Well defined, width approx. 3.6m. Turns right through stile; well defined, thorn hedge on R.H.S. wooden fence on L.H.S. width 3.6m. Through one stile to the next. Surface from Plodder Lane up to this stile; cinder path; well defined, barbed wire fence from last stile. Crosses over cart track to Townleys Hospital with stile each side. Runs by side of stream until it crosses over stream into Bolton.	
FAR017	9	FP	933			Starts off Plodder Lane by Railway Bridge and run alongside railway wooden board fence each side, width approx. 3.6m. Path continues round rear garden to Colchester Drive and then between walls of gardens and hospital. Width approx. 2m. Across Minerva Road, path continues alongside Townleys Hospital, past Townleys Farm and down to Doe Hey Brook and Boundary between Bolton and Farnworth. Path metalled all the way and gas lamps from corner of hospital to the boundary.	
FAR018	9	FP	435			Starts at Harrowby Street, west of Heaton Mill proceeding along the northern, western and southern boundaries of the reservoir, and hence south to Moorside Avenue.	
FAR019	9	FP	241			Starts in Cawdor Avenue with bowling green on left hand side, bounded by iron railings, runs alongside Lower Doe Hey Reservoir over footbridge and ends in Doe Hey Road.	
FAR021	9	FP	499			Starts in Darley Park Road north of motorway, forks left from Council Road to tip and down slope with numerous steps. Well defined path from 3m-6m wide between hedges and then ends at metalled road leading to Rock Hall.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
FAR022	9	FP	306			Starts at entrance to Rock Hall, well defined, width 5.5m, continues along past old bleachworks on L.H.S. runs alongside emetery wall, surface is cinder until rise by Cemetery Road where it is cobbled. From top of hill to Footpath 23 stone wall each side and ends at junction of Footpath 23 and Footpath 24.	
FAR023	9	FP	225			Starts from junction of Footpath 22 and Footpath 24 and runs behind Lower Darley; well defined; width 6m. Stone walls each side until end of Lower Darley; ends at Cemetery Road just behind Cemetery Lodge.	
FAR024	9	FP	257			Starts at junction of Footpath 22 and Footpath 23 and goes past gate posts into Lower Darley past the bottom of Cemetery Road, past refuse heap on R.H.S. down to the River Croal to broken footbridge.	
FAR027	9	FP	145			Starts at level crossing at end of Bradford Road and proceeds past Green Fold down to boundary between Farnworth and Little Hulton.	Continues as Salford Footpath No ? now in Bolton after 1991 boundary change.
FAR028	9	FP	177			From Devon Street between All Saints Church and school to the Farnworth/Kearsley By-Pass fence thence in a south-easterly direction to Fern Street.	
FAR029	13	FP	48			From Buckley Lane to link with Footpath No. 8 (Little Hulton Parish) at the M.B. boundary.	Continues as Little Hulton FP 8 now in Bolton after 1991 boundary change.

District Horwich

HOR001	4	FP	756			Starts from the Urban District boundary on the road to Scotchman's Post and runs in a south south-westerly direction for a distance of approximately 758m.	
HOR002	4	FP	386			A continuation of path No. 1 commencing in a southerly direction and running in a wide sweep finishing in a south-easterly direction.	
HOR003	4	FP	531			Starts at the junction of paths Nos: 1 and 2 and runs in a south-westerly direction to a point 183m due west of Two Lads.	
HOR004	4	FP	482			Starts from path No. 2 at a point - due east of Two Lads, runs due west across Two Lads and joints the end of path No. 3.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
HOR005	3 & 4	FP	499			Starts from the junction of paths Nos. 3 and 4, runs in a westerly direction for approx. 91m then curves gradually to a west south-westerly direction, and terminates on joining Georges Lane by the side of Pike Cottage (Otherwise known as Sportman's Cottage).	
HOR006	4	FP	354			Starts at the junction of paths Nos: 2 and 4 (at Hole Bottom) and runs south to a point 55m east of the Weirs. This is a continuation of paths Nos: 1 and 2 from Scotchman's Post.	
HOR007	4	FP	161			Runs along the south side of Holden's Plantation in a south-easterly direction until it crosses the Urban District boundary by a footbridge through the plantation.	
HOR008	4	FP	48			Starts from the point where path No. 7 begins by Holden's Plantation, and runs south south-east.	
HOR009	4	FP	483			Starts from the end of path No. 8, runs west for approximately 91m, south-west for 119m and west again until it meets the path from Scotchman's Post to Georges Lane.	
HOR010	4	FP	193			This is a continuation of path No. 8 commencing at the junction of that path with path No. 9, running south for approximately 110m and then south-east for approximately 91m.	
HOR011	4	FP	149			This is a continuation of paths Nos: 1, 2 and 6, being the path from Scotchman's Post to Georges Lane. This section runs south to the point where it meets path No. 9 from Holden's Plantation.	
HOR012	4	FP	724			Starts at the point on the path from Scotchman's Post to Georges Lane where path No. 6 ends and path No. 11 begins, runs in a west south-westerly direction until it comes out on to Georges Lane.	
HOR013	4	FP	837			This is the final section of the path leading from Scotchman's Post to Georges Lane being a continuation of paths Nos: 1, 2, 6, and 11. It starts at the junction of paths Nos: 11 and 9 and runs south-west round the west side of the quarry, down by the pits and onto Georges Lane on the west side of Montcliffe Colliery.	
HOR014	4	FP	193			Starts at the junction of paths Nos: 9, 11 and 13 and runs in a south south-easterly direction.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
HOR015	4	FP	499			A continuation of path No. 14 running in a south-easterly direction for a distance of approx. 503m.	
HOR016	4	FP	48			A continuation of paths Nos: 8 and 10 from Holden's Plantation, running south for approx. 55m.	
HOR017	4	FP	80			These two paths combined form an alternative to path No. 16, starting and finishing at the same points as that path but being slightly to the east of it.	
HOR018	4	FP	80			These two paths combined form an alternative to path No. 16, starting and finishing at the same points as that path but being slightly to the east of it.	
HOR019	4	FP	96			Starts from about half-way along the combined paths Nos: 17 and 18 and runs in an east south-easterly direction for a distance of approximately 91m.	
HOR020	4	FP	149			Starts from the junction of paths Nos: 16 and 18 and runs in a south-easterly direction for a distance of approximately 146m.	
HOR021	4	FP	547			This path is a continuation of path No. 19; it runs in an east-south-easterly direction along the north side of Burnt Edge.	
HOR022	4	FP	96			Starts from the point where path No. 19 ends and path No. 21 begins, and runs south to the point where path No. 20 ends.	
HOR023	4	FP	322			Starts from the junction of paths Nos: 20 and 22 and runs south until it meets the path leading from Moor Lane at a point approximately 55m past the end of path No. 15.	
HOR024	4	FP	772			Starts from the same point as path No. 23 and runs south-east until it meets Matchmoor Lane.	
HOR025	4	FP	451			A continuation of path No. 20 starting at the junction of that path with paths Nos: 22, 23 and 24, and running in an east south-easterly direction along the south side of Burnt Edge until it runs into Burnt Edge Lane at the point where it is met by the path from Slack Hall.	
HOR026	4	FP	434			Burnt Edge Lane being a continuation of path No. 25 along the south side of Burnt Edge, and into Matchmoor Lane approximately 137m south-west of New Field Farm.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
HOR027	4	FP	515			Starts from the point where path No. 25 runs into Burnt Edge Lane, leads in a south-westerly direction past Slack Hall Farm for a distance of approx. 87m, then in a south-easterly direction for approximately 238m, then in a southerly direction for 183m to Matchmoor Lane where path No. 24 ends.	
HOR028	4	FP	145			Starts on the Urban District boundary on the path leading to Hodlens on Smithills Moor and runs south for a distance of approximately 137m.	
HOR029	4	FP	96			Starting from the end of path No. 28 and leading south in a curve to the end of path No. 21 on the north side of Burnt Edge.	
HOR030	4	FP	595			Starts at the junction of paths Nos: 28 and 29 and runs in an east south-easterly direction across the centre of New Field Clough to a point approximately 155m.	
HOR031	4	FP	451			Starts at the junction of paths Nos: 21 and 29 on Burnt Edge and runs in a south-esterly direction to New Field Farm.	
HOR032	4	FP	113			From New Field Farm in a south-westerly direction to the junction of Moor Lane and Edge Lane.	
HOR033	4	FP	96			Part of footpath leading from Sheep Cote Green Farm on Smithills Dean to Walker Fold Road. Starts on the Urban District boundary and runs in a south-easterly direction for approximately 91m to Walker Fold Road.	
HOR034	4	FP	273			Starts at the end of path No. 30 and runs east until it runs into Walkder Fold Road at the same point as does path No. 33.	
HOR035	4	FP	177			Starts at the point where path No. 30 ends and path No. 34 begins and runs in a south-easterly direction for a distance of approximately 183m.	
HOR036	4	FP	435			Starts at New Field Farm and runs east until it meets the end of path No. 35.	
HOR037	4	FP	96			Starts at the junction of paths Nos: 35 and 36 and runs east until it comes out on to Walker Fold Road opposite Walker Fold Farm.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
HOR038	4	FP	772			Running from Walker Fold Road at Walker Fold Farm in a south-easterly direction to the site of Twitchells Cottage.	
HOR039	4	FP	225			A continuation of path No. 38. Runs from the site of Twitchells Cottage in an east south-easterly direction towards Barrow Bridge to the Urban District boundary.	
HOR040	4	FP	595			Runs from the east side of Walker Fold Road opposite Dakin's Brook for approximately 366m yards then due east to the site of Twitchells Cottage.	
HOR041	4	FP	225			Runs from the west side of Walker Fold Road opposite Walker Fold Farm in a south-westerly direction to Edge Lane.	
HOR042	4	FP	177			Starts from the junction of paths Nos: 35, 36 and 37, 91m west of a point on Walker Fold Road opposite Walker Fold Farm and runs south Edge Lane.	
HOR043	4	FP	113			Starts from Edge Lane, 229m north-west of Little Dakin's Farm and runs almost due south to the Urban District boundary.	
HOR044	4	FP	113			From Edge Lane, west-south-west to Hole Hill Farm.	
HOR045	4	FP	113			From Hole Hill Farm, south to the Urban District boundary in the direction of Fleet's Moor.	
HOR046	4	FP	64			From Hole Hill Farm in a north-westerly direction to Edge Lane.	
HOR047	4	FP	370			From Edge Lane, where it is joined by path No. 46, in a west south-westerly direction to Cow Hey.	
HOR048	4	FP	129			From Matchmoor Lane at a point 366m from New Field Farm, running south south-east to Cow Hey.	
HOR049	4	FP	64			A continuation of No. 48, from Cow Hey, south to the Urban District Boundary.	
HOR050	4	FP	96			Starts at a point on path No. 49, 14m from the Urban District boundary and runs west north-west for approximately 91m.	
HOR051	4	FP	80			From Cow Hey, running west and meeting path No. 50.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
HOR052	4	FP	113			From the junction of paths Nos: 50 and 51 running west north-west to Matchmoor Lane.	
HOR053	4	FP	531			From Matchmoor Lane in a north-westerly direction past the south side of Heather Hall to the end of path No. 23.	Awaiting modification order
HOR054	4	FP	467			From Matchmoor Lane running in a west north-westerly direction for 283m, then west past the Lodge Farm to Marsden's Farm.	
HOR055	4	FP	435			Starts at Marsden's Farm and runs in a north north-easterly direction until it meets the path leading past Heather Hall from Matchmoor Lane (No. 53) and the end of path No. 23.	
HOR056	4	FP	322			Starting from Makinson Road at the junction with public footpath 057 Horwich at grid reference SD365972 411882 and continuing in a generally north westerly direction through a wooden kissing gate at grid reference SD 365967 411885 over a pipe crossing at grid reference SD 365908 411938 to grid reference SD 365831 412007 for approximately 188 metres where the path turns and continues in a generally north easterly direction with fence on its western side to grid reference SD 365850 412026 for approximately 27 metres where the path turns and continues through a wooden kissing gate at grid reference SD365850 412026 in a generally west by northerly direction to its end at the junction with public footpath 058 Horwich at grid reference SD 365743 412052.	width between grid reference SD365972 411882 and SD365850 412026 1.5m throughout Two kissing gates of 1.5m width conforming to BS5709 Scottish Natural Heritage timer kissing gate version 3 at grid references SD365967 411885 & SD365850 412026
HOR057	4	FP	305			From Marsden's Farm in a south-westerly direction to Georges Lane.	
HOR058	4	FP	96			From the top of the road known as Stone Brow in a south-westerly direction to Georges Lane.	
HOR059	4	FP	225			From the top of the road known as Stone Brow in a south-westerly direction to Georges Lane.

An existing gap limits the width to 0.5m at grid reference SD 370912 415172	

District Westhoughton

WES001	7	FP	515			Begins at Chorley Road Nr. Hilton House Station Bowling Green and Tennis Courts on left. Allotments on right. General direction N.N.E. 1.8-2.4 wide at commencement. Small slag tip on left. Path narrows to 1m and continues to district boundary.	
WES002	7	FP	386			Begins at Chorley Road Nr. New Inn 1.8-2.4m dirt track. Hedge each side. Poultry Farm on right with wire mesh fence. Open stile at end of fence then path narrows to 0.3m and follows side of field to district boundary. General direction North.	
WES003	7	FP	451			Begins near 524, Chorley Road, direction North. East to bridge over Motorway and Urban District Boundary.	
WES006	7	FP	676			Begins at junction of paths Nos. 17 and 22 General direction north. Runs parallel to railway line. 1m wide - Brinsop Hall on right. After 46m slag tip on left and path gradually leaves railway line and crosses one Colliery Railway Line. Path now 0.13m wide badly defined. Passes to left of slag tip. 1.8m high wire fence (large mesh) on left. Path widens to 1m wide for length of last field and emerges on Chorley Road about 73m from Hilton House Station.	
WES007	7	FP	177			Begin at the junction of paths Nos. 6 and 22. General direction S.E. 2m wide substantial track passes ruined colliery buildings on right and improvised "cycle track (dirt) on left. Ends alongside railway lines at junction of paths Nos. 8 and 16.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES008	7	FP	64			Begins at the junction of paths Nos. 7 and 16. Direction S.E. substantial dirt cart tract wide at junction of paths Nos. 9 and 15.	
WES009	7	FP	273			Begins at the junction of paths Nos. 8 and 15. Direction S.E. 2.4m wide solid dirt cart track, railway line on right. Last 36m-45m track widens to 3m-11m and though firm is rocky in places. Ends at Dicconson Lane.	
WES010	7	FP	402			Begins at path off metalled road off the old Dicconson Lane to Three Lovers Farm. General Direction West. Narrow path 0.3m wide, wire netting of chicken farm on left, hedge on right squeezer stile and sharp left turn at end of wire netting fence. Sharp right turn after 14m and squeezer stile. Path continues at side of field and is badly defined to meet paths Nos. 11 and 14.	
WES011	7	FP	96			Begins at the junction of paths Nos. 10 and 14. 0.3m wide follows hedge at side of field. Squeezer stile at junction of paths Nos. 12 and 16 and pond on left. Ends at junction of paths Nos. 12 and 16.	
WES012	7	FP	96			Begins at junction of paths Nos. 11 and 16. General direction N.W. 2m shale path passes Brinsop Cottages. Shale heaps on left. Ends at junction of paths Nos. 13 and 17.	
WES013	7	FP	450			Begins at the junction of paths Nos. 12 and 17. Substantial dirt tract 2m wide. Passes through farm yard of Brinsop Hall Farm. General direction N. Ends at one time Colliery railway line and continues as Brinsop Hall Lane to Chorley Road.	
WES014	7	FP	499			Begins at the junction of paths Nos. 10 and 11. General direction N. 0.3m path along side of field to one time colliery railway. Turns left and follows track of one time Colliery line for 18m step stile then across field to Brinsop House Farm. Path badly defined across field and very rarely used. Passes through farmyard and emerges Chorley Road.	
WES015	7	FP	306			Begins at the junction of paths Nos. 10 and 11. General direction S.S.W. 1.8m - 2.4m substantial dirt track through farmyard of Cinder Hill meets path No. 9 at junction with path No. 8. Open stile at junction.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES016	7	FP	273			Begins at junction of paths Nos. 11 and 12 General Direction South. 1.8m-2.4m wide dirt track. Pond on left at junction. Shale heaps on right, also on right improvised cycle "dirt track". Ends at junction with paths Nos. 7 and 8.	
WES017	7	FP	129			Begins at the junction with paths Nos. 12 and 13. General direction S.S.W. Shale heap on left. Solid track 1.8m-2.4m wide. Ends at junction of paths Nos. 6 and 7.	
WES018	7	FP	241			Begins at the junction of paths Nos. 19 and 20. General direction North. 0.3m wide and well-defined, at commencement, gradually widens and is 2m wide for last 73m. Ends at boundary (Finally emerges on Chorley Road west of Hilton House Station).	
WES019	7	FP	129			Begins at the junction of paths Nos. 18 and 20 General direction S.E. wide dirt track. Ends at Bridge over Railway line and junction with path 21.	
WES020	7	FP	149			Begins at the junction of paths Nos. 18 and 19. Direction N.W. Path alongside of field. Hedge on right. Varying between 0.3-1m. Ends at boundary.	
WES021	7	FP	241			Begins at the junction of paths Nos. 22 and 23. General direction N. 0.6m wide alongside of field, hedge on right. Passes pond on right. At Railway line turns left and follows side of railway line track here 1.8m wide. Path ends at Bridge on railway and junction with path No. 19.	
WES022	7	FP	338			Begins at the junction of paths Nos. 6, 7 and 17, solid path 1.8m wide to railway crossing gates. After railway track less distinct and after 18m path follows hedge at side of field. Badly defined and farmer has encroached general direction of path W. Ends at junction of paths Nos. 21 and 23.	
WES023	7	FP	145			Begins at the junction of paths Nos. 21, 22 and 24. Path 0.03m wide and badly defined, general direction S.W. Round base of slag heap to boundary.	
WES024	7	FP	418			Begins at the junction of paths Nos. 21, 22 and 23. General direction S. Follows track of one time mineral railway and at commencement is 1.8m wide but badly defined. Slag heap on right. (After 18m. Path narrows to 0.3m wide, passes pond (reservoir on map) on left. Ends at junction with path No. 26.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES026	7	FP	579			Begins at slag-tip at junction with paths Nos. 24. Pond on left near commencement. Badly defined track 1.8m wide for length of first field after 1st field 1.8-k2.4m wide and well defined. Passes through farmyard of Landlords Farm and emerges at Dicconson Lane near Station.	
WES027	7	FP	306			This is a wide ashed path, known as Code Lane with a hedge and fence on the right hand side, which branches off Dicconson Lane and runs east to join path Nos. 28 and 29.	
WES028	7	FP	145			Commences at the junction of paths Nos. 29 and 48. A wide path through an open gateway with banking on both sides and a stream on the right hand side, runs S.W. to an intersection of paths Nos. 30, 49 and 50 i.e. junction with Dodd Lane.	
WES029	7	FP	209			Commences at the junction of paths Nos. 28 and 27, runs S.E. through an open gateway with a stile on the right hand side. A 2.5m footpath with banking and fence on both sides, turns sharp right. Continues S.W. across an open field on the left hand side to join path No. 30.	
WES030	7	FP	80			Commences at the top of Dodd Lane i.e. junction of paths Nos. 28 and 50, through a stile and across an open field to a further stile on to path No. 31.	
WES031	7	FP	306			Commences at the junction of paths Nos. 32 and 46, a wide path which runs north east past Reeves House Farm banking and fence on right hand side and open field on the left-hand side, through a gateway with a squeezer stile on the left hand side. There is a fence on the left hand side. The path branches round the pond and through an open field with a pond on the right hand side near the Farm. This leads past the farm and on to paths Nos. 29 and 30.	
WES032	7	FP	177			Commences at the junction with footpath No. 45 and runs N.W. A narrow footpath leading to Reeves House Farm and through an open field connects with footpath No. 46 North West of Reeves House Farm.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES033	7	FP	370			Commences north of Carlies Farm at the junction with paths Nos. 34 and 42. This is a wide path with good conditions which leads through a gateway with an open stile on the right hand side. Path 137m long to next gateway with open stile on the right-hand side. This path continues for 45m to junction of paths Nos. 32 and 45.	
WES034	7	FP	209			Commencing at the junction of paths Nos. 35 and 39 this is a wide path in good condition running N.W. with open field on left hand side. Through gateway with no gate, wire fence both sides for 9m to next gateway - no gate, which leads to Carlies Farm. Side path branches round farm. There is a pond on the right-hand side. Path leads round pond for 18m and through further gate with stile on left hand side and to Carlies Farm yard and to junction with footpath No. 33.	
WES035	7	FP	306			Commences at the junction of Long Lane and path No. 37 this is a narrow path which leads through a squeezer stile runs West across first field and turns N.W. to joint paths Nos. 34 and 39. This path is in bad condition with hedges on right hand side and with wire fence on left hand side. There is a stile at the end of footpath.	
WES036	7 & 8	FP	547			Path leading from James Street 1.8m wide runs approx. E. with hedges on both sides turns sharply and runs South past the Hindleys to join path No. 59 at Ainscoughs Cottages. Path has hedges on both sides and is in good condition.	Awaiting modification order
WES037	7	FP	241			Commences at the junction of paths Nos. 38 and 40. This narrow path runs south through squeezer stile. There is an open field on the left hand side and a wire fence on the right hand side. At the end of the first fence on the right hand side. At the end of the first field there is an open field which leads through a gateway with stile on the left hand side to joint path No. 36 (i.e. Long Lane).	
WES038	7 & 8	FP	402			A wide path leading east off Wellington Street with Gyproc Products Works on the left hand side and a fence on the right hand side. There is a fence on both sides after the works to junction with paths Nos. 37 and 40.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES039	7	FP	290			Commences at the junction of paths Nos. 37 and 40. There is a wide path running west with a fence on the left hand side and an open field on the right hand side. This path turns sharply to the south and continues parallel to path No. 37 for 128m. It then turns to the south-west to join paths Nos. 34 and 35.	
WES040	7	FP	451			This is a wide path running N. off paths Nos. 38 and 39 with a wire fence on both sides. At the end of the first left hand side field there is a gateway. After this gateway the path winds through hedges with a wire fence on the right hand side. A narrow path winds off to Wingates Grove on the right hand side. 45m further on there is a gateway and then the path winds left through a farm-yard and onto Chorley Road through a gateway.	
WES042	7	FP	499			Commences at the junction of paths Nos. 43 and 44, general directions S. path 2.2 wide with a ploughed field on the right hand side and a wire fence and hedge on the left hand side. The path leads through a gate with a stile with step on the left hand side at the end of the first field and on into an open field. At the end of this field there is a squeezer stile which leads into further open field with hedge on the left hand side. There are two ponds with steep banking and the path leads over a footbridge with an open stile 4.5m further on. This path then joins path No. 33 at Carlies Farm.	
WES043	7	FP	80			Commences at the junction of paths Nos. 42 and 44 a wide path in good condition with an open field on the left hand side and a hedge on the right hand side. The path runs N. onto Chorley Road, through a gate and stile.	
WES044	7	FP	499			Commences at the junction of paths Nos. 45, 46 and 47. Narrow path which runs N.E. over a small stream and banking. Ploughed field on right hand side and fence on the left hand side. This leads through a gate and squeezer 32m past the pond the path widens 2.2m There is a ditch on the left hand side and a ploughed field on the right hand side. The ditch runs about 73m past the pond and then the path turns to the S.E. to join paths Nos. 42 and 43.	
WES045	7	FP	177			Commence at the junction with path No. 32 wide footpath runs approx. N. with brook on right hand side and ploughed field on the left hand side. This path leads through a gate to the junction of paths Nos. 44, 46 and 47.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES046	7	FP	153			Commences at the junction with paths Nos. 44, 45 and 47. This is a wide ashed footpath running S.W. to Reeves Farm through an open field.	
WES047	7	FP	32			This is a wide path running S.W. off Chorley Road between wire fences with ditches on either side. The path is ashed. At the end of the first field there are gate stumps. The path continues between open field and turns S. between hillock on the eastern side and a pond on the western side, to join paths Nos. 44, 45 and 46.	
WES048	7	FP	370			Commences at the junction of paths Nos. 27, 28 and 29, wide footpath which runs east of reservoir with a steep banking on the left hand side and an open field on the right hand side. This path runs N.W. past the eastern side of the precast floors works and so out to Chorley Road.	
WES049	7	FP	354			Commences at the junction of Dodd Lane and paths Nos. 28 and 30. Narrow footpath runs N.W. through squeezer stile and footbridge through an open field alongside hedge on the right hand side. This leads through a squeezer stile at the end of the first field and through a further squeezer stile and down 10 stone steps to cross private road from Code Lane to Leech's Farm. From this point the path continues N.W. up 8 steps to an open field with pond on the right hand side. There is a stile at the end of the first field, continues between a ploughed field on the left hand side and an open field on the right hand side and leads through a squeezer stile on to Dicconson Lane.	
WES050	7	FP	515			Wide path known as Dodd Lane runs S.W. with a steep banking on the left hand side and a wire fence on the right hand side. This road joins paths Nos. 52 and 52a at Radcliffe House Farm.	
WES051	7	FP	515			Commences at the junction of Footpath No. 57 and Slutchy Dell near the Holden Wood, runs N. for 155m and turns N.E. to Reeves Farm. There is no sign of a path at all on the ground the only indications being a squeezer stile in the fence where the path turns N.E. and an open stile at the Reeves Farm end.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES052	7	FP	547			Begins at the junction of paths Nos. 50 and 52a at Radcliffe House Farm. Direction in first place N.W. and then S.W. so that general direction is west. 2.4m substantial cart track (dirt and cinder) through farm yard. Passes through wicket gate at Farm. Path then follows edge of field alongside of brook 0.6m - 0.9m wide until it reaches the Railway. Passes under the bridge over Hilton House branch line, brick bridge 3m wide. Path then follows path of a small stream. Stream is in a valley and is in places 6m below. The path then passes a mill is steep in places, after mill path descends steeply then widens to become a substantial cart track 2.4m wide to junction of paths Nos. 53 and 54.	
WES052a	7	FP	145			Commences at the junction of paths Nos. 55 and 55a, travels N.W. at the side of hedge to Radcliffe House Farm.	
WES053	7	FP	80			Begins at the junction of paths Nos. 52 and 54. Small gate at commencement, path is about 9m wide and leads to Borsdane Wood to boundary.	
WES054	7	FP	595			Begins at the junction of paths Nos. 52 and 53. General direction E. ft. cinder track through farmyard of Bank Top Farm across fields at last field before railway path narrows. Kissing gate at railway crossing Hilton House Branch line. After the railway line the path is 0.9m wide and enters the yard of Taylor Farm by a small gate. Ends at farmyard at junction of paths Nos. 55 and 56 and 72.	
WES055	7	FP	177			Begins at the junction of paths Nos. 52a and 55a 2.4m cart track alongside of field to join path No. 56 at Taylor Farm.	
WES055a	7	FP	64			Commence at the junction of path No. 56 following ditch at edge of field to join path No. 55.	
WES056	7	FP	161			Squeezer stile at junction with path No. 55a and 56a narrow track alongside of field to Taylor Farm and meets footpath 55.	
WES056a	7	FP	370			Path begins at the junction of paths Nos. 51 and 57 at Slutchy Dell across field to squeezer stile and then following ditch at edge of field to squeezer stile at the junction of path 56.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES057	7	FP	515			Gate and squeezer stile where path begins at junction of paths Nos. 58 and 70. General direction N.W. Track 1.8m wide along edge of first field. Narrows and is ill-defined across second field. Step-stile and across 3rd field badly defined. At far side of this field squeezer stile and path crosses ditch by small footbridge made from two concrete girders, and so to join paths Nos. 56a and 51.	
WES058	7	FP	306			Begins at the junction of paths No. 59 and 68. General direction N.W. Solid unmetalled cart track about 2.4m wide to squeezer stile at side of road. Path then rocky copse on left. Ends at junction of paths Nos. 57 and 70.	
WES059	7	FP	306			Begins at the junction of paths Nos. 60 and 66, near Ainscough cottages. Direction West, known as Long Lane. Solid unmetalled cart track 2.4m - 3m wide with hedges each side. Direction W. passes Ainscough Cottages and ends at junction of paths 58 and 68.	
WES060	7	FP	306			Begins at the junction of paths nos. 61 and 62 near Broom House Farm path about 1m wide between two field hedges on each side. Direction W. Passes Ainscough Cottages and ends at junction with paths 59 and 66.	
WES061	8	FP	177			Commences at the railway bridge across Wigan-Bolton and Bury line i Westley Street off Church Street Direction W. Solid unmetalled track about 3m with shale heaps on right. Passes Broom House Farm and ends at the junction of paths Nos. 60 and 62.	
WES062	8	FP	483			Begins near Broom House Farm at junction of path Nos. 60 and 61. General direction S.E. Track 0.3m wide between hedge and wire fence to 2 squeezer stiles near to each other then proceeds for 18m alongside of railway line. Squeezer stile at Railway line bridge on Wigan-Bolton-Bury Line Bridge - sleeper bottom with brick and wood sides 3m wide, between two fields to end at Leigh Common.	
WES063	8	FP	145			Commences at Cemetery and takes westerly direction 3m wide solid gravel foundation to junction with path No. 64. Lit by gas lamps, ends at junction with path No. 64.	
WES064	7 & 8	FP	386			Begins at the junction of paths Nos. 63 and 94. Lit by gas lamps. About 2.4m wide, dirt, bounded by fence and bridges. Ends at the junction with paths Nos. 92 and 65.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES065	7	FP	48			As path No. 64 Golf Course on left, 2.4m dirt track. Commences at the junction of paths Nos. 92 and 64 and ends at the junction of paths Nos. 66 and 67.	
WES066	7	FP	418			Begins at the junction of paths Nos. 65 and 67. General direction N. Squeezer stile at the junction 0.3m wide alongside of field to cross Wigan-Bolton and Bury line. Kissing gates at crossing. Crosses golf course, path badly defined to squeezer stile then across field to second squeezer stile then track 1.2m wide to meet paths Nos. 59 and 60 at Ainscough Cottages.	Awaiting modification order
WES067	7	FP	676			Continues from junction of paths Nos. 65 and 66 towards W. about 2.4m wide, dirt, bounded by fence and hedges. Crosses Westhoughton Connecting Line. Gas lit as far as Golf Club (Long Island Farm) after farm path narrows in places (to about 1m. More rocky, a car still can pass to junction with paths Nos. 68 and 69.	
WES068	7	FP	451			Begins at the junction of paths Nos. 67 and 69. General direction N.E. badly-defined, in most places. Follows edge of first field, stile with step at end of first field then follows round edge of second field. Farmer has encroached in places. Path little used to squeezer stile. Path ploughed for remainder of its length to near Willow Bank at junction of paths Nos. 58 and 59.	
WES069	7	FP	402			Begins at the junction of paths Nos. 67 and 68. Bounded by hedge on right, field on left, path 1.2m but not well-defined in places. Path turns 90o left south, and travels along brook side with brook on left, open field on right. Next 90o right west across field to next junction of paths 70 and 71.	
WES070	7	FP	306			Begins at the junction of paths Nos. 69 and 71. General direction N. then N.E. after half way 2.4m wide cart-track all way, hedge each side. Dirt and cinders. After first field hedge left only open field on right. After second field path across field then follows edge of field to right to squeezer stile small copse on right for last 91m to junction of paths Nos. 57 and 58.	
WES071	7	FP	177			Begins at the junction of paths Nos. 69 and 70. Substantial cinder and dirt path 2.4m wide crosses Westhoughton connecting lines. Immediately after bridge gate and stile. Road turns almost 90o right at Wilsons Farm, ends at the junction of paths Nos. 72 and 73.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES072	7	FP	788			Begins at the junction of paths Nos. 71 and 73. Direction N.W. squeezer stile at junction. Substantial unmetalled cart track 2.4m wide to 3m wide to bridge over railway (Westhoughton connecting line). Bridge is of brick and Iron and the bridge and the immediate approaches are about 6m wide. Track for remainder of way about 2.4m wide and between 2 fields. Ends at Taylor Farm at junction of paths Nos. 54 and 56.	
WES073	7	FP	579			Begins at the junction of paths Nos. 71 and 72 about 2.4m wide, overgrown with grass, passes over Hilton House Railway Line about 73m past bridge stile on left of road. Gate removed. Path proceeds along edge of field in some places not more than 0.3m wide. Path passes over brook - here road sunk and muddy. After brook substantial dirt track 2.4m wide ends at junction with paths Nos. 74 and 76.	
WES074	7	FP	821			Begins at the junction of paths Nos. 73 and 76. General direction N.E. 3m wide cart track in bad condition badly pot-holed and muddy to gate and squeezer stile. Condition of track deteriorates and narrows to 1m near neck of Borsdane Woods. Second squeezer stile at this point path crossed brook by log bridge and continues by a narrow track across field to railway line (Hilton House Branch). Continues for 18m along side line to cross at Kissihng gates. Continues along the other side of the railway line by a narrow track 0.3m wide to join path No. 54 at next crossing.	
WES075	7	FP	257			Begins at the junction with path No. 74 squeezer stile at the junction, general direction West path 0.3m wide follows fence at outer side of field into neck of Borsdane Wood. At corner of field path descends to footbridge across brook and boundary.	
WES076	7	FP	32			Begins at the junction of paths Nos. 73 and 74 general direction W. 2.4m wide solid dirt road ends at the junction of paths Nos. 77 and 78.	
WES077	7	FP	145			Begins at the junction of paths Nos. 76 and 78. After 14018m gate stile into Borsdane Wood. Path narrows to about 0.3m and drops by steps to footbridge to Borsdane Brook Road continues within the Hindley boundary.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES078	7	FP	482			Begins at the junction of paths Nos. 77 and 76 in a southerly direction. Solid dirt road about 2.4m wide bounded by hedge and fence, passes through farmyard (Borsdane on map) Gate at farm, ends at the junction of paths Nos. 79 and 80.	
WES079	7	FP	113			Begins at the junction of paths Nos. 78 and 80.0.6m wide path crosses field to stile on boundary with Hindley.	
WES080	7	FP	692			Begins at the junction of paths Nos. 78 and 79. Cinder and dirt road 2.4m wide with field on one side and barbed wire fence on other side. After first 91m road pot-holed to bridge over Hilton Branch Railway. Sleeper bridge with heavy iron sides about 2.4m wide. Road continues, bridge over Wigan-Bolton-Bury Line to junction with paths Nos. 81 and 83.	
WES081	7	FP	418			Begins at the junction of paths Nos. 80 and 83. Railway bridge-iron bridge with sleepers over Wigan-Bolton-Bury Line about 2.4-3m dirt road. Travels along Railway line and turning left, widening to 18m. (Jacks Lane) at bridge over L.M.S. Railway line and onto Wigan Road.	
WES083	7	FP	676			Begins at the junction of paths Nos. 80 and 81 proceeds in a northerly direction 2.4m wide, hedge one side, ditch the other. After Aldreds gate and path through still about 2.4m wide, is only a cart track across field to Wilsons Farm as path No. 70.	
WES084	7	FP	177			Branches off path No. 83 and in a S.E. direction very narrow and in places hard to pick out. Brook on the left, field on right. Crosses brook and travels along side with brook now on right 18m after crossing brook. Rough path now crosses field. Ends at junction of paths 85 and 86.	
WES085	7	FP	273			Begins at the junction of paths Nos. 84 and 86. Sign Post "PUBLIC FOOTPATH" at junction. Two other similar sign posts at intervals. Path very narrow and badly defined. Travels along hedge, across field and along Westhoughton Connecting Line to meet path No. 71 at the Railway Bridge. There is a fourth sign post at the junction.	
WES086	7	FP	370			Begins at the junction of paths Nos. 84 and 85. Stile at the junction. Path round field to gate stiles at Wigan-Bolton and Bury Railway Line Crossing. 1m path across field, stile at junction with path no. 87.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES087	7	FP	193			Commences at the junction with path No. 86, about 0.6m wide, stile, sharp turn to bridge over Westhoughton Connecting Line and ends at the junction of paths No. 88 and 89.	
WES088	7	FP	643			Begins at the junction of paths Nos. 87 and 89. 2.4 - 3m wide, passes through farmyard gate and stile at farm to join Old Fold Road and so to Wigan Road.	
WES089	7	FP	306			Begins at the junction with path No. 91 and near Burnt House, General direction W. 2.4m wide. Solid, unmetalled cart-track to squeezer stile then 1.42m widening gradually till it reaches railway bridge over connecting line (Westhoughton and junction with paths Nos. 87 and 88).	
WES091	7	FP	241			Begins at the junction with Old Lane (Bodd Brow) and path No. 94. General direction N.N.E. Solid unmetalled track 2.4m widening in places to 3m. Passes Old Lane Farm and continues between two fields to junction with path No. 93.	
WES092	7	FP	370			Begins at the junction of paths Nos. 64 and 65 2.4m wide all way, golf links on right, at beginning field on left. Ends at the junction of paths Nos. 91 and 93. General direction S.S.W.	
WES093	7	FP	177			This path originally joined paths Nos. 91 and 92 and 94 now plugged up for the whole of its length.	
WES094	7 & 8	FP	643			Begins at the junction of paths Nos. 63 and 64 and at the end of School St. along side of farm Grundy's Farm on Map. Unmetalled 2.4m wide solid cart track for about 73m then narrows to 1.2m at first left turn. Squeezer stile after about 18m and then path about 1m wide, second squeezer stile at corner of field. Path continues about 1.2m wide to footbridge across Pennington brook. Granite setts for about 18m before footbridge. Path now follows brook and is 1m wide, now widens to 1.8m. To squeezer stile to pass row of houses till it reaches Old Lane. General direction S.W.	Awaiting modification order
WES096	8	FP	129			Begins at Church Street between Nos. 172 and 174. General direction E. Passage between houses. Path narrows after stile to junction with path No. 97.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES097	8	FP	129			Begins at the junction of paths No. 98. Direction S. Squeezer stile at commencement of path only 0.3m wide between fields. Ends at the junction with path No. 96.	Awaiting modification order
WES098	8	FP	273			Begins at Church Street on the southern side of the Commercial Hotel. Path 2.4m wide, unmetalled electric lamps at intervals to junction with paths Nos. 99 and 102. There is a squeezer stile at the junction.	
WES099	8	FP	273			Begins at the junction of paths Nos. 100 and 101 near Manchester Road. General direction S.W. Squeezer stile at the junction 1.5m wide at the commencement, after 18m it narrows to 1m, passes between two fields then alongside of last field to junction with paths Nos. 98 and 102. Squeezer stile made from stone slabs at junction.	
WES100	8	FP	80			Begins at the junction with paths Nos. 99 and 101 2.4m-3m wide, direction N.N.E. to Manchester Road.	
WES101	8	FP	209			Begins at the junction of paths Nos. 102 and 103. General direction N. Unmetalled 1.8m wide. Fields on left, small slag tip on right. Ends at the junction of paths Nos. 99 and 100. Squeezer stile at the junction.	
WES102	8	FP	241			Begins at the junction of paths Nos. 101 and 103. Squeezer stile at commencement. General direction W. 2.4m wide, unmetalled cart-track between fields. Electric lamps at intervals at the junction of paths Nos. 98 and 99.	Awaiting modification order
WES103	8	FP	149			Begins at Bolton Road alongside Industrial Mill Path unmetalled m. Row of garages on right. Ends at the junction of paths Nos. 101 and 102.	
WES104	8	FP	386			Begins at Manchester Road where the Wigan-Bolton and Bury Line crosses Manchester Road. The path is on the Western side of the line and the direction of the path is South-West. Squeezer stile at beginning. 1-1.2m wide dirt track follows side of Railway Line, fence on left, open field on right. Kissing Gate near Station in Church St. Set back about 9m from Church St. Path ends at Church St.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES105	8	FP	579			Path leading from Top o'th' Slack to Lillie Bank. There is still no stile at the entrance to the path which is in fair condition, for the first 91m. There is a steep banking on the right hand side. The next 18m of the path are in bad condition. Fair conditions afterwards. There are three stiles near the end of the path, 99m apart and the last one 45m from Wingates Lane.	
WES106	8	FP	451			Path leading fro Slack Lane to Chew Moor County Borough Boundary. At the entrance to the footpath there is a notice which reads "To Chew Moor". This is a narrows path with hedges on left hand side which overhang footpath and a steep banking and wire fence on the right hand side for a distance of 91m. Path winds left over a wooden bridge which is in good condition. At the end of the next bend there is a kissing gate. At the end of the path near the boundary there is a further Kissing Gate and stile. The path is in good condition.	
WES112	8	FP	804			Footpath leading from Symdale Close to Morris Farm. No trace of path visible. Obviously not in general use. Path was traced across ploughed field to squeezer stile at far end leading into meadow. For the first 18m no path was visible. Faint trace of path ledge to tunnel under mineral railway with stile at other end. (Tunnel not accessible - filled with bricks etc.) Footpath now visible leading alongside wire fence on right hand side. Squeezer stile leading into open meadow with a broken gate at other end. Path continues in a S.E. direction South of Motorway and then in a N.E. direction over Motorway bridge to north side of Morris Farm.	
WES113	8	FP	515			Path leading from Bolton Road, Nr. Smydale to Morris Farm. Path leads from road with a Squeezer stile into footpath 1m wide across an open field for 114m. Pond on left. Squeezer stile leads into last section of path which ends near Morris Farm with a stone squeezer stile.	
WES114	8	FP	402			Commences at the junction of paths Nos. 115 and 119 well defined cart-track 3.6m wide. Proceeds over Railway Bridge, N.W. for 73m towards Hermon Bank Farm, passes through farmyard bending right (north) and continuing as cart track 2.7m wide alongside hedge through meadow for 73m and thence curving away from hedge across meadow to emerge on Wigan Road opp. Beaumont Road. by fieldgate.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES115	8	FP	209			Commences at mineral railway near site of Old Tar Works N. across waste land for 27m to stile (broken stumps lying on grass), and locked field gate. Proceeds across meadow nr. hedge for 183m to gfieldgate with notice "Shut and fasten Gate". (Junction with paths No'd. 114 and 119). This path is barely distinguishable along the whole of its length. Note - access from path No. 120 to this path obstructed by barbed wire fence bordering mineral railway and locked iron gate running alongside railway and forming part of fence.	
WES116	8	FP	241			Commencing at site of disused Tar Works (termination of path No. 120) proceeding 3m wide in Southerly direction to junction with paths Nod. 122 and 118.	
WES118	8	FP	354			Leaves St. Helens Road adjacent to Borough and Model Laundry and descending towards Garnet Fold Farm, width 3.6m sett paved from junction with St. Helens Road for 45m. Continues as well-defined track 3.6m wide between hedge bordering meadows for 274m to junction with paths Nos. 116 and 122.	
WES119	8	FP	644			Commences from Back Hulton Lane, south adjacent No. 384, Hulton Lane, well-defined track 3m-3.6m wide passing close to rear of wall of Messrs. John Booth & Sons Steel Works for 109m. Curves right across meadow adjoining Yew Tree Farm, continues between hedges bordering meadows width 2m to first fieldgate, proceeds a further 256m to second fieldgate opening onto Railway Bridge near Hermon Bank Farm (junction with paths Nos. 114 and 120).	Awaiting modification order
WES120	8	FP	483			Commences at Railway Bridge adjacent to Hulton Lane Brickworks, and runs east between Arley Pit No. 2 slag heaps as well-defined track 3m wide, for 91m thence between slag heaps and hedge and fence bordering meadows for 274m. (width 3m-4m) terminating at site of Old Tar Works where path adjoins and runs parallel to mineral railway. Notice at end of path on mineral railway; "No Road, Danger, Private Sidings, John Booth & Sons".	
WES121	8	FP	885			Commence from Punch Lane at Westhoughton boundary, in an easterly direction across waste land adjoining disused Hulton Brick Works for 64m (width 2.7m-3.6m) Curve right towards track of old mineral railway bridge; passes under Railway Bridge (Junction of paths No. 119).	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES122	8	FP	503			Continuation of No. 118 Well defined track 2.7m wide between hedges of two meadows to fieldgate. Fastened by barbed wire, between fieldgate and hedge allows path to proceed alongside hedge bordering ploughed field for 155m to pond on left where path bends right towards slag heaps of Arley Pit No. 2 passes between second pond on left and lower slopes of slag heaps along this section, path very much undulating and ill defined trace of path finally disappears at site of mineral railway. (Pond on right at point where path becomes indistinguishable).	
WES123	8	FP	306			Commences at Punch Lane f.p. No. 211 crossing at railway and passes parallel to railway embankment long edge of meadow towards track of disused mineral railway and Arley Pit No. 2 slag heaps. Egress from meadow to Arley Pit barred by barbed wire fence surrounding it. Path almost indistinguishable for the whole of its length.	
WES124	8	FP	161			Commences at the end of Umerton Road, through stile across field to second stile on Westthoughton Bolton C.B. boundary. Path is surfaced with a narrow strip of red mineral slate.	
WES125	12	FP	547			Starts at the end of Breeze Hill Road at stile, turns south 1m-1.8m wide between fences for 228m to first squeeze stile by pond on nright proceeds alongside hedge through meadows to second squeezer stile, and thence continuing along hedge through next meadow to third squeezer stile, up to this point the path has followed Westthoughton U.D. Boundary; at the third stile it passes beyond the boundary into Atherton, emerging eventually by footbridge on to Newbrook Road.	
WES126	12	FP	499			Commences at the end of Woodlands Drive entry barred by plank placed across path from side to side 0.8m from ground proceeds 155m between hedges, 3m-3.6m wide, towards Park End Cottage, turns south at fieldgate, continues as well-defined path across meadow towards second fieldgate leading into Broadway.	
WES126a	12	FP	90			From Newbrook Road in a N.E. direction between houses onto Broadway.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES127	12	FP	177			Commences at the south-west tip of New Park Wood and passes between edge of slag heaps of Nos. 3 and 4 Bank Pits (disused), and wooden fence for 177m. South-east to Westhoughton boundary. Access from paths Nos. 128 and 129 barred by fence, with barbed wire at intervals.	
WES128	12	FP	515			Commences at south-west tip of New Park Wood, (Junction of paths Nod 127 and 129 and proceeds along track of disused mineral railway to gap in fence at end of first field and across second field to junction with paths numbered 130 and 133. Path overgrown with grass and not very well defined.	
WES129	12	FP	241			Commencing from fieldgate adjacent to pond in yard of Wood End Farm passing south along hedge through first meadow to fieldgate, and thence along hedge through second meadow to site of old mineral railway (junction with paths numbered 127 and 128).	
WES130	12	FP	483			Proceeds from Wood End Farm and along south side of pond, along hedge through first meadow to field to continue along hedge through second meadow for 228m to junction with path No. 128 well defined cart track.	
WES133	8 & 12	FP	547			Commences at the junction of paths Nos. 130 and 128 near Southern end of Nos. 1 and 2 Bank pits slag heaps. Proceeds along edge of slag heaps through two meadows in a northerly direction; passing Rawsthorne Wood on right, to barbed wire fence up to this point overgrown with grass. Continues along west side of slag heaps. (between slag heaps and railway line) past reservoir on right, rises along edge of slag heaps and cuts into path No. 135, 27m east of railway bridge. Path very indistinct along whole of its length, from barbed wire fence to termination, very rough and barely discernible.	
WES134	8 & 12	FP	756			Commences at field gate on northern most tip of Belgrave Spinney; notice on gate "Please Shut This Gate". Proceeds east along hedge bordering meadow to Back o'th' Lawn Wood; turns south to skirt wood closely along edge of meadow, field gate at end of first meadow and at ends of second meadow to third field gate at edge of Dog Kennel Wood (gate closed, secured by rope). Continues along edge of Dog Kennel Wood southwards and passes by pond on right in nyard of Wood End Farm and through farmyard. (Junction with paths Nod. 129 and 130).	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES135	8	FP	209			Commences at the Northern tip of Belgrave Spinney (Junction with Nos. 134 and 138) proceeds west alongside hedge through meadow to fieldgate (NO ROAD) sign, rising to slopes of slag heaps of Nos. 1 and 2 Bank Pits towards Railway Bridge; terminates at junction with paths Nos. 136 and 137.	
WES136	8	FP	306			Commences 27m east of railway bridge at junction with paths numbered 135 and 137 and passes over railway bridge (sett paved for 6m) descends 3m in width to junction with Platt Lane. Well defined cart track.	
WES137	8	FP	370			(Continuation of No. 139) passes along edge of slag heaps Nos. 1 and 2 Chequerbent Pits, running south from junction with Nos. 138 and 139 for 274m, bending right to junction with path No. 136.	
WES138	8	FP	386			Commences by pond adjoining filter beds (junction of paths Nod 137 and 139) by gap in fence and along hedge bordering meadow for 137m. Turns right (south) at Markland Plantation, skirting edge of plantation and continuing south along hedge bordering meadow to barbed wire fence (junction with paths Nod 134 and 135).	
WES139	8	FP	515			Commences Manchester Road opposite Chequerbent Station and passes alongside track of disused mineral railway behind Branker Street for 182m towards reservoir and proceeds along edge of slag heaps southwards; width between slag heaps (Chequerbent Pits No. 1 and 2) and fence 3m continues to filter beds (Junction with paths Nod 137 and 138).	
WES140	8	FP	700			Approached by sett paved road off Manchester Road alongside railway line at Chequerbent Station; path proceeds North past Messrs. J. Norris's Steelworks, Messrs. Beccols Ltd., and Rope Works to fieldgate; bends east alongside hedge to second fieldgate at end of meadow bends left to proceed alongside hedge for 73m cutting thence across open field to Motorway Link Road. Follows the Motorway in a N.E. direction and joins Bolton Road at Snyderdale Hall.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES141	8	FP	515			Commences on Manchester Road at stone stile adjoining wall of Stag and Griffin Hotel Bowling Green and proceeds alongside wall for whole of its length and thence across meadow to second stile, along hedge through squeezer stile past pond on right, and alongside hedge to fourth stile, and exit by sixteen stone steps on to Bolton Road. 110m from Water Tower on opposite side of road, path well-defined.	
WES142	8	FP	209			Commences at Manchester Road at No. 437 by stile and fieldgate; well marked path alongside hedge through meadow to emerge by stile on Bolton Road adjacent to No. 534.	
WES143a	8	FP	644			Commences at Park Road and runs between the gardens of houses Nos. 295 and 297 Park Road, to end at Bee Hive Green between bungalows Nos. 16 and 18. Path has a macadam surface.	
WES144	8	FP	80			Branches off Manchester Road by stile and fieldgate opposite Molyneux Farm, proceeds through farmyard between shippens and barn to stile at rear of farmyard and thence to Manley Crescent.	
WES144a	8	FP	145			From Molyneux Road in a south westerly direction to stile, passes between hedges (width 1.8m to 2m) to stile (squeezer) and thence continues between fences 137m through next field to emerge on Fairhaven Ave. Well defined path along entire length.	
WES145	8	FP	68			Commences Park Road adjacent to No. 171 as well defined path 2.7 wide between hedges to first stile on left of path; continues by outer side of wall bordering Captain Lee's farmyards on south westerly side to second stile and into meadow for 36m to commencement of paths Nod 146 and 147.	Awaiting modification order
WES146	8	FP	198			Continuation of No. 145 from meadow adjacent to Captain Lee's Farm. Passes through meadow near hedge to squeezer stile and into second meadow, continues along hedge to second squeezer stile (junction with paths No'd 148 and 149).	Awaiting modification order

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES148	8	FP	322			Commences at squeezer stile at termination of path No. 146 and passes in the direction of Hilton's Cottage alongside hedge through meadow for 73m to stile, alongside three stone steps; continues in same direction alongside hedge to fieldgate and still near Hilton's Cottage and so into Waters Nook Road. Well defined path.	Awaiting modification order
WES149	8	FP	32			Continuation of No. 146 passes alongside hedge for 128m from termination of path No. 148 at its junction with No. 146 to fieldgate and stile at junction with Nos. 150 and 151. Well defined path.	
WES150	8	FP	370			Continuation of No. 148 after its junction with 149, commences at fieldgate and stile and passes between edge of meadow and ditch for 274m to squeezer stile; bends right through stile and descends 8 concrete steps to footbridge over stream, continues parallel to stream along opposite bank to emerge on Bolton Rd and Cow Lee Bridge. (Concrete steps and footbridge constructed by Westhoughton U.D. Council, April 1950).	
WES151	8	FP	338			Begins on Bolton Road at the Rose and Crown Inn onto estate road Cow Lees and then southwards to join paths No'd 149 and 150 at fieldgate.	
WES152	8	FP	418			Commences near Park Road adjacent to occupation road to Owler Hall, and passes close to fence for 82m. (Indistinct overgrown with grass). Turns right between hedges to first stile (squeezer), width of path between hedges 2m thence widens to 2.7m as far as pond on right; proceeds alongside hedge through open field to fieldgate and stile, thence to third stile, (squeezer) and fieldgate, where path bends right (west) for 36m to emerge on Platt Lane at Hulmes Cottages.	
WES153	8	FP	209			Leaves Park Road by Lee Common Cottages and proceeds south towards Hall Lee Farm for 18m to stile on left leading into meadow (junction with paths No'd 154 and 155) (Continuation of this path from stile to farm house occupation road) width 2.7m-3.6m well defined.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES154	8	FP	370			7 steps and track 9m long branching off main path through Hall Lee Park leads to stile on boarder of park which marks commencement of path proceeds alongside hedge through first meadow for 128m to fieldgate on left. Path indistinct up to this point. Bends sharply north through fieldgate, across meadow, closely skirting pond in right, for 18m to second fieldgate and stile, width 2m widens to 2.7m-3m for 137m as it approaches Hall Lee Farm. From first fieldgate to farmyard path assumes character of cart track and is well defined. Bends right through stile and across farmyard, emerging from farmyard into meadow through gap in fence, and continuing north alongside hedge through meadow to stile - junction with paths numbered 153 and 155. (Not very clearly defined from farmyard to termination).	
WES155	8	FP	418			Branches off Green Common Lane midway between Green Common Cottage and Hooper Green Farm by stile adjacent to locked fieldgate, across 228m to squeezer stile thence alongside hedge bordering ploughed field (path quite clearly defined, unploughed) to stile; across third meadow passing pond on left to stile at junction with paths No'd 153 and 154. The track of this path through 1st and 3rd meadow barely discernable.	
WES156	12	FP	64			From junction with No. 161 runs alongside hedge by verge of meadow for 45m from squeezer stile marking beginning of No. 161 to squeezer stile leading into Green Common Lane.	
WES158	12	FP	402			This footpath is approached by 28 concrete steps from Hall Lee Park. From top of steps path traverses alongside first meadow hedge for 228m to first stile, bending thence sharply south and continuing, width 1.2m between hedge and fence for 32m to squeezer stile, right angled bend east at stile to continue 1.2m-1.8m in width, between fence and hedge for 274m to squeezer stile, alongside hedge in next meadow; width indefinite, for 73m to junction with paths No'd 156 and 161.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES159	8	FP	209			Starts alongside garden fence of No. 259, Leigh Road by two stone steps and stile proceeding alongside fence and hedge through first meadow for 128m to second stile and gateway continues between hedge and fence (width 3.6m) for 32m to third stile and gateway; along edge of third meadow by hedge for 27m then descends by 5 steps which are sett paved, to squeezer stile on border of Hall Lee Park, leading on to footbridge in Park. Gateways noted have posts apparently for fieldgate but no actual gate. Well defined path.	
WES161	12	FP	483			Branches off No. 156 opposite occupation road to Yew Green Farm by squeezer stile adjoining fieldgate and proceeding across meadow near fence for 183m to stile adjoining fieldgate, emerges on Railway Bridge, on which notice reads: Lancashire and Yorkshire Railway Take Notice: That this Bridge (which is a bridge belonging to the Lancashire and Yorkshire Railway Company) is insufficient to carry weights beyond the ordinary traffic of the district, and that the owners and persons in charge of locomotive traction engines and other ponderous carriages of other unusually heavy traffic, are warned against crossing over this bridge and will be held responsible for any damage. By Order. Hunts Bank, Manchester Fieldgate and stile at south side of bridge where notice: "This footpath is closed by order of the Ministry of Works under Defence Regulations". The remainder of this path to its junction with Nos. 162 and 163 is obliterated by open cast coal mining operations. Note: To replace the latter part of this path No. 161 from south of Railway bridge, a temporary path has been made parallel to the railway embankment and the edge of the coal mining site, and running from the railway bridge to Ahterton, North Road. This path, which has been made by the contractors is apparently in frequent use by the public.	
WES162	12	FP	241			This is clearly a continuation of No. 166 after its deviation outside the Westthoughton U.D. Boundary. At the approximate position of commencement of this path is a notice; This path is obliterated by open-cast coal mining operations which extend southwards from the railway line for about 228m and from Atherton North Road to the borders of Mountain Farm and Green Vale Works.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES163	12	FP	32			These footpaths are all obliterated by open cast mining operations. Note: To replace paths 162, 163 and 164, 165 the public apparently at the present time allowed to walk on the meadow, in a direct line from the footbridge, noted in path No. 166 to Atherton North Road. These are, of course, purely temporary arrangements to cover the period during which this site is used for opencast mining.	
WES164	12	FP	64			These footpaths are all obliterated by open cast mining operations. Note: To replace paths 162, 163 and 164, 165 the public apparently at the present time allowed to walk on the meadow, in a direct line from the footbridge, noted in path No. 166 to Atherton North Road. These are, of course, purely temporary arrangements to cover the period during which this site is used for opencast mining.	
WES165	12	FP	80			These footpaths are all obliterated by open cast mining operations. Note: To replace paths 162, 163 and 164, 165 the public apparently at the present time allowed to walk on the meadow, in a direct line from the footbridge, noted in path No. 166 to Atherton North Road. These are, of course, purely temporary arrangements to cover the period during which this site is used for opencast mining.	
WES166	12	FP	80			Commences on Lower Leigh Road proceeding in an easterly direction for 23m across waste land to squeezer stile continuing straight on for a further 59m to second stile. Bends north along bank of stream for 27m to footbridge over stream. (Handrail on footbridge missing). Path continues north along stream outside Westhoughton U.D.	
WES167	8	FP	209			Commences at the junction of Leigh Road and Roseberry Street, travels in a westerly direction to Mill Street, travels in a westerly direction to Mill Street. Fenced on one side and hedges on the other, path in reasonable condition, dirt surface, narrow and winding. Squeezer stile at Mill Street end.	
WES169	8	FP	209			Commences at the corner of reservoir wall 23m proceeds alongside boundary wall of reservoir in a westerly direction to open onto Broad Walk, in good condition about 1m wide, surfaced in tarmac. No stiles or obstructions of any kind.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES171	8 & 12	FP	692			Runs parallel to Railway from a point opposite Daisy Hill station non Leigh Road (Hunts Bank) fenced on railway side for 91m to Kissing Gate, from this point to second railway bridge near Hindley's Farm, path is fenced on both sides and opens on to Mirey Lane through a squeezer stile. Path about 1m wide and in fair condition.	
WES172	7 & 11	FP	611			Starts on path No. 173 and runs west to Wearish Lane. Three stiles as marked. Five barred gate at end and access to Wearish Lane by two openings one at each side of gate. Narrow winding path in bad condition, in parts almost grassed over and deteriorating into little more than a track.	Awaiting modification order
WES173	7 & 11	FP	499			Commences at the junction of Wigan Road and Southfield Drive. Obstacle in the shape of iron bar slung between two pillars - access by narrow opening at side runs in southerly direction past playing field to railway bridge. Narrow and uneven. Runs from railway bridge south to point close by disused mineral railway at junction with path No. 172. Stile after first field and stile at junction with path No. 172. Narrow dirt surface, in reasonable condition.	Awaiting modification order
WES174	11	FP	338			Continuation of path No. 173 fairly wide and in good condition, running south. No stiles or obstructions. Ends at Eatocks Farm.	Awaiting modification order
WES175	11 & 12	FP	241			Runs from point on Mirey Lane past south of France Street across to path No. 174. This path follows the boundary of Eatock Pit Slag Heap - little more than a track in bad condition. Stiles at beginning and end. Last 10-15 yds. Crosses now disused mineral railway. Footbridge as marked on map now demolished - path crosses track.	
WES177	12	FP	290			From Collins Road to Leigh Road, fair condition - no stiles or obstructions. Dirt surface.	
WES178	12	FP	241			Commences at St. James Street at boundary of playing field hedges on one side, through two stiles to open onto Lower Leigh Road. Reasonable surface, narrow winding path.	
WES179	12	FP	96			Commences at the junction of paths No'd 183 and 184, short path turning sharply to join path No. 182 - no stiles etc.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES180	12	FP	48			Leads from path No. 182 to path No. 179 - dirt path - no stiles etc.	
WES181	12	FP	96			Continuation of Turner Street. Commencing at bridge carrying railway, travels in an easterly direction to join path No. 182 Reasonable condition - no stiles etc.	
WES182	12	FP	209			Starts at 1st stile, path No. 180 through to St. James Street - wide, well surfaced path, no stiles or obstructions etc.	
WES183	12	FP	370			Continuation of path No. 180 starting with stile, through meadowland and one more stile to become wider and continue to boundary. Last section 1.5m wide dirt surface in good condition.	
WES184	12	FP	483			Starts at the junction of paths numbered 179 and 180. Stile at beginning - wide dirt path - hedges on both sides, proceeding through meadowland to boundary.	
WES185	12	FP	257			Starts at the junction of Turner Street, and path No. 181, runs alongside mineral railway to join up with path No. 186. In reasonable condition - no stiles or obstructions.	
WES186	12	FP	611			Starting at Turner Street, opposite St. James Vicarage through five barred gate (locked) access through smaller gate at side. Path has wide cinder surface to Gillibrands Farm through farmyard then narrows and runs through meadowland over disused mineral railway and on to boundary.	
WES187	12	FP	145			Field path through rough meadowland, one stile with step joins footpath No. 186.	
WES188	12	FP	193			Commences at a point just past Woodbine House. Proceeds in a northerly direction through one stile on to Hindley Road. A narrow path, dirt surface in good condition.	
WES189	11 & 12	FP	209			No defined entrance from path No. 190 but apparently proceeds over meadow in an easterly direction to a stile - up to this point little suggestion of even a track then proceeds through a ploughed field to stile on corner of Mill Lane.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES190	11	FP	1126			Commences Hindley Road a few yards east of path 191, wide path, dirt surface in fair condition to Land Farm then becomes a track crossing corner of meadow through stile down one side of meadow through second stile and on through more meadowland under disused mineral railway to boundary.	
WES191	11	FP	676			Commences on Hindley Road and proceeds in a southerly direction to boundary. Two steps at start, access to path hardly discernable from road, runs alongside ploughed field hedge on left to stile through second field crossing corner of same, stepping stones over shallow brook and squeezer stile at this point. On through meadowland to boundary. Path ill defined, grassed over and no more than a track for most of the distance.	
WES192	7 & 11	FP	579			Commencing on Wigan Road - Travels in a southerly direction for about 183m before turning east and entering farmyard of Bank Farm after 27m wide dirt surfaced path in good condition up to this point. Stile at each end of farm yard, path then becomes somewhat ill-defined although in reasonable condition and continues through meadowland and over a shallow brook opening onto Wearish Lane by a flight of steps.	
WES193	7 & 11	FP	917			Commence on Wigan Road travels in a southerly direction for 366m. Stile at this point. After a further 68m another stile and continues to boundary. Path in reasonable condition but somewhat ill-defined in parts.	
WES194	7 & 11	FP	611			Commences at Wigan Road with a stile and few steps proceeds south through meadowland for 183m to second stile, then on to boundary. Path narrows and not well-defined, parts in bad condition.	
WES195	8	FP	60			From Sunny Garth in a Northerly then Easterly direction to The Welland.	
WES197	7	FP	306			From junction footpath 57 and 58 Holden Wood to Carlies Farm junction footpaths 33, 34 and 42.	
WES198	8	FP	96			From Cemetery Street to Leigh Street (commonly known as Gerrard Street).	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES199	8	FP	80			Commences at Holden Lea to run north-eastwards between No. 32 and 34, Holden Lea, turns sharp right and runs between the rear of Westthoughton Labour Club and a shrubbery at the rear of No. 28 to 32 Holden Lea: turns left to run north eastwards again, past a bollard and across the surfaced car park of the Labour Club to end at the back street at the rear of 31, Chorley Road: path approx. 2.4m wide and surfaced.	
WES200	8	FP	64			Commences Miry Lane on path No. 171 opposite No. 8, Hunt's Bank and proceeds westward to end near front boundary of No. 26 Hunt's Bank: path approx. 1.5m wide and surfaced.	
WES201	12	FP	100			Commences at end of Mabel Street and runs westward between a shrubbery and the front boundary wall of houses 112-116, Townsfield Road: Concrete posts at the end of the paved length of path prevent vehicular traffic: path 1.8m wide and surfaced.	
WES202	8	FP	20			Commences at Roseberry Street opposite No. 8 and runs southwards to end at Rye Hill: path is 1.8m wide, half width surfaced with concrete flags and half with macadam: concrete bollards positioned to prevent vehicular traffic are fixed at both ends.	
WES203	8	FP	35			Commences at Leigh Road between Nos. 108 and 110 and runs westwards to end at the unloading spur road off Clough Avenue, path is paved with concrete flags.	
WES204	8	FP	48			Commences at Hollin Acre between Nos. 3 and 35 and runs southwards between rear gardens of houses to join Hawthorn Road near No. 13: path has a macadam surface approx. 2m wide.	
WES205	8	FP	16			Commences at Thorn Well near No. 40 and runs northwards between front gardens of houses to join public footpath 169. Path is 1m wide and surfaced with concrete flags except for last 6m which has a macadam surface: concrete bollard prevents vehicular traffic from Thorn Well.	
WES206	8	FP	48			Commences at Gorsey Hey between houses Nos. 16 and 23, Gorsey Hey and runs southwards to join The Crescent between houses No. 1, The Crescent and No. 23 Oxlea Grove: path has a macadam surface.	

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WES207	8	FP	64			Commences at north end of Cedar Grove between Nos. 7 and 9, Cedar Grove and runs northwards between boundaries of gardens, then turns to run westwards to join Ash Grove between 1 Ash Grove, and the rear garden of 62, Southfield Drive, path is approx. 1.5m wide and surfaced with macadam.	
WES208	8	FP	64			Commences at north end of Cedar Grove between Nos. 8 and 10 Cedar Grove and runs northwards between boundaries of gardens, then turns to run eastwards to join Pine Grove between the side of 2 Pine Grove and the rear garden of 88 Southfield Drive: path is approx. 1.5m wide and surfaced with macadam.	
WES209	8	FP	16			Commences at Townsfield Road opposite Cedar Grove where a sign reads "No Cycling" and runs between houses Nos. 40 and 42, Townsfield Road to join path No. 171 near railway cutting: path has a macadam surface 2.4m wide.	
WES210	12	FP	65			Commences at St. Georges Avenue, Daisy Hill, Westhoughton, between house No. 79 St. Georges Avenue, and shop and flat nos. 81 and 83 St. Georges Avenue, and runs southward past two dwelling houses Nos. 27 and 29 Southover to end at Southover between houses No. 2 Gellert Road and 31 Southover. The path is paved with concrete flags and is wide.	
WES211	8	FP	1159			Punch Lane from Bolton Road A.58 at U.D. boundary in a southerly direction under bridge beneath railway embankment along the top of the south easterly embankment beneath the motorway to rejoin Punch Lane on the Westerly side and thence to Manchester Road A6.	
WES212	8	FP	134			Newbrook Road to Parkwood Drive.	Extract- from the minutes of the proceedings of Highways Committee held 11 March, 1963, as approved at a meeting of the Council held 2 April, 1963. Minute no. 897 accepted responsibility for the maintenance of any fence that may be constructed on a footpat
WES213	8	FP	0				

District Worsley

Path No.	Definitive Map Page No	Status	Length	Width	Surface	Definitive Description	Comments
WOR102	9	FP	740			"Rothwells" to Bolton C.B.boundary (North of Brackley Colliery)	Approx 264m of the path from new boundary to junction with BOL382 gained as a result of 1990 boundary change. Path for its whole length is in the Salford CC area. Path is also recorded on Salford's definitive statement.
WOR108	13	FP	414			Spa Lane (Part of) - exit to Cleggs Lane.	Approx 501m from Borough boundary on motorway bridge to junction with FAR029 gained as a result of 1990 boundary change. N.B. path details changed as a result of motorway construction but relevant side roads order is not in BMBC's possession.
WOR110	9	FP	190			Spa Lane to Farnworth U.D.boundary (exit to Anchor Lane).	Approx 77m of the path from Borough boundary over motorway bridge to junction with FAR012 gained as a result of 1990 boundary change.
WOR112	9 & 13	FP	65			Spa Lane (Path No. 108) to Farnworth U.D.boundary (Green Fold).	Approx 141m of the path from junction with WOR108 to junction with FAR027 gained as a result of 1990 boundary change.
WOR123	13	FP	260			Continuation of path 121 to Kearsley U.D.boundary (Kearsley Chemical Works).	Approx 189m from Borough boundary across motorway bridge gained as a result of 1990 boundary change.
WOR125	14	FP	160			From F.P.14 near Moss Farm to Kearsley U.D.boundary (Bent Spur).	Approx 152m from Borough boundary across motorway bridge to junction with KER053 gained as a result of 1990 boundary change. Awaiting modification order
WOR154	9	FP	515			From path 102 in an easterly direction to Farnworth U.D. boundary , then in a south easterly direction to Bullough's Farm.	Approx 240m from junction with WOR102 to junction with FAR007 and Borough boundary gained as a result of 1990 boundary change. Path for its whole length is in the Salford CC area. Path is also recorded on Salford's definitive map and statement.
