1. INTRODUCTION

1.1 Policies for the Enforcement and Cancellation of Penalty Charge Notices

The following policy guidance document has been prepared in respect of Civil Parking Enforcement. The policies in this document are intended to inform members of the public and provide guidance for council employees working in the enforcement of parking regulations under the Traffic Management Act 2004, Part 6.

This is consistent with current best practice and aims to provide clarity, consistency and transparency within the enforcement process and compliance with the aspirations of the Traffic Penalty Tribunal and the Local Government Ombudsman.

What is important about these guidelines is that they represent a foundation upon which fairness and discretion can be applied. The importance of flexibility in these matters has been recognised by the courts and, as a consequence, decisions made by councils must not be fettered by being unduly formulaic.

The policies address the following:

- The statutory grounds upon which representations may be made
- Mitigating circumstances
- The acceptance or rejection of representations

It is important to recognise that each case will be considered on its own merits. These policies will be subject to ongoing review.
